Bay's bid was \$12,441, almost fifty per cent less than the high bid of \$24,657.25 submitted by B. E. Bartlett of Las Vegas.

Bureau officials stated that they expected the new building to be completed by next fall, in ample time for the opening of the school term.

### SCHWARTZ OUT OF HOSPITAL

### MARATHON TRIALS TO BE HELD TODAY

BOSTON, April 18. (UP)—Veterans as usual will be favorites in tomorrow's running of the 36th annual

Boston marathon, the first official tryout for the United States olympic marathon team.

There have been 259 entries for the hill-studded trek over the 26 miles, 385 yards between Hopkinton and Boston A. A. clubhouse. Of these only four are former winners of the Boston race, although the field includes many winners of marathons in other parts of the country and Canada.

The first American citizen to cross the finish line will be picked for the United States marathon team. Others will be chosen from

races to be held at Baltimore and Los Angeles.

The prospect of good weather for the morrow cheered Clarence Harris De Mar, who won this particular test seven times. He will be 44 years old soon but stands high among the favorites. He finished first last year, ten minutes behind the winner, Jimmy Henigan, and refused to offer an excuse—which is Clarence's way. He simply promised to do better this year. Clarence failed to win in 1925 and 1926 and everyone but Clarence said he was through. He came back, however,

and won the next two races and also won in 1930.

PARIS, April 18. (UP)—Kid Francis, French bantamweight, won a 10-round decision over Eugene Huat, also of France, tonight at the new sports palace. Francis outboxed and outslugged the former European flyweight champion. Francis weighed 119 pounds; Huat, 117.

**Better Times are Coming!**

Don't be Discouraged!

Don't lose the will to win . . . don't join the pessimists who see naught but disaster ahead—During a previous depression, the government had to issue paper "Clearing House Certificates" as a substitute for money. Conditions were just as bad, only we have forgotten. Prosperity has always followed bad times—this is one of the laws of business cycles. Now is the time to substitute the word "Reconstruction" for "depression." Don't be discouraged. Lend a hand to reestablish confidence. America will see this through and emerge victorious. Better times are coming."
