It will be a surprise to the people of Las Vegas to learn that Ernie G. Adams, for the past ten years U. P. store keeper at this point, has been assigned to another point. He left last night for Lyndyl, Utah, to be storekeeper there. Besides being an A-No-1 storekeeper, Adams was a firm booster for Las Vegas and is one of the very few supervisors of officers who bought himself a home in this city, which he now must leave. His heat of friends wish him well and a speedy return. He will be superseded at Las Vegas by W. B.

Scott, well and favorably known in this city. The position heretofore held by Scott has been abolished and he preferred Las Vegas next to Los Angeles. This bunch of changes has been brought about by all district and division storekeeper jobs being abolished. General Storekeeper Frank Crasin will in all probability be Los Angeles storekeeper. As a result of the changes, in all probability Al Mosher of Lyndyl will be on the waiting list, unless he can collect sufficient whistles to tide the stream. And while the store department has been getting a jolt, the 'Safety First' department has been combed down a bit, with the result that our old friend Bill Spettigue has been ab-

lished, that is, the position of unit safety agent, and Bill was that. The work will be carried on by the division safety agent, for the U. P. don't let safety go by—but still we will miss Bill Spettigue when safety meetings are around. Taking it all together, the bumping, etc., is about as quiet as a Chicago election.

Otis Venable, for many years machinist with the U. P. at this point, but now a resident of Los Angeles, is in Las Vegas for a few days and incidentally looking for work, either here or at Boulder City. While a resident of Las Vegas, Otis took part in several boxing bouts for the Legion and was always a favorite with the fans.

An agreement has been reached whereby the Union Pacific will take care of repairs to Six Companies engines when said engines have to be shopped, owing to the fact that the Six Companies are not well enough equipped at Boulder City to do very heavy repairs, consequently the U. P. Las Vegas shops will handle the work with U. P. mechanics. The terms of the agreement are not necessary to be given out, as it is sufficient that the first engine, the 8904, has been sent to the Las Vegas shops, necessitating the calling in of five or six U. P. mechanics who have been laying off, to do the repairs. The heavier the repairs, the larger the force to be called back. Even the placing of a few men back

MAY ABANDON MURDER CHARGE

James Paxton breathed a sigh of relief yesterday as the slim string of circumstantial evidence connecting him with the shooting of Joseph Santini last Saturday night neared the breaking point. While the prisoner faces a long term in prison on robbery and automobile theft charges, it is doubtful if he will have to defend himself against the Santini murder charge. W. B. Scott, the newly appointed storekeeper for the U. P. at this point, will take charge this morning. He needs no introduction.

"THE BEST PLACE TO TRADE IN BOULDER CITY"

"You're Right"

They're Milder and they Taste Better too"

THERE'S SOMETHING DIFFERENT about the flavor of CHESTERFIELDS—something about the blending and cross-blending of fine tobaccos—that gets to you, every time.

THERE'S SOMETHING DIFFERENT about their mildness, too. It is the mildness that comes from the ripest, sweetest, mildest Turkish and Domestic tobaccos. There is no bitterness in them... no harshness.

THERE'S SOMETHING DIFFERENT about the taste. It is that good, pleasing taste that comes from the right kind of tobacco, cured in the right way—cured for two years or more. It means that to make CHESTERFIELD Cigarettes, millions of dollars are tied up in tobacco leaf—but it's worth it.

THERE'S SOMETHING DIFFERENT about CHESTERFIELDS—THEY'RE MILD AND YET THEY SATISFY!
