POPPY DAY TO BE ON TUESDAY

"Lest We Forget." Ladies of the auxiliary of the Veterans of Foreign Wars are holding their annual sale of poppies Tuesday. A proclamation will be issued Monday by Mayor Cragin proclaiming this day as official "Poppy day."

The proceeds from the sale of poppies in Nevada will go to the Nevada-California department hospitals in Sawtelle, Kearney and the Presidio, as all veterans from Nevada are treated and taken care of in these hospitals.

"Pack up your troubles in your old kit bag and smile, smile, smile." That's the keynote of the spirit in which throughout the United States disabled and needy ex-service men, crippled heroes of Chateau Thierry, and the Argonne, of St. Mihiel and Verdun, are working these days to make the thousands on thousands of scarlet poppies which will gleam in significant tribute in the buttonholes of all America on Memorial day.

The sale proceeds are devoted to relief activities with one cent from each poppy sold allotted to the maintenance and expansion of the V. F. W. National Home for widows and orphans of ex-service men, at Eaton Rapids, Michigan. The success of the 1930 sale has facilitated the erection of new buildings during the past year, and a number of additional children and mothers have been thus accommodated. The home site covers 512 acres.

The necessity for adequate relief funds for the relief and welfare work among the ex-service men and their dependants continues to exist, and there is an increasing number of needy veterans whose health has finally given way as a result of wartime experiences, making them no longer capable of self-support.

candidates that the 42 delegates of the anti-Gage faction of the Los Angeles county delegation controlled the balance of power. The writer, charged with the responsibility of voting those 42 votes, was able to decide every nominee for state office. Surrounded by a bunch of pleading candidates, he had but one policy in mind. That was to reward our friends and punish our enemies. And that was what we did as some of the old-time California politicians may remember.

That was one of Frank Jordan's first if not the very first campaign. And Frank is still secretary of state of California.
