MERCHANTS ASK TO ERECT SIGNS INVITING TOURISTS TO BOULDER

C. D. Newland was appointed to act as chairman of a committee with Sam Wolensick of the Rev Fairbanks store and William E. The purpose of the signs is to direct tourists through Boulder City, since, in the opinion of Newland, many are visiting the river project without visiting Boulder City.

DO YOU INHALE?

...wonder why cigarette advertising generally avoids this question?

ONE of the mysteries in cigarette advertising has been the apparent fear of the word "inhale." It seems rather foolish—for everybody inhales—whether they realize it or not... every smoker breathes in some part of the smoke he or she draws out of a cigarette.

Think, then, how important it is to be certain that your cigarette smoke is pure and clean—to be sure that you don't inhale certain impurities.

Do you inhale? Lucky Strike has dared

to raise this vital question... because when you smoke Luckies your delicate membranes get the protection no other cigarette affords. All other methods have been made old-fashioned by Luckies' famous purifying process. Luckies created that process. Only Luckies have it!

Do you inhale? Of course you do! So truly this message is for you.
