OUR VISITORS

TODAY delegates to the Democratic state convention will be coming to Vegas from all over the state. For many of them it will be their first visit to the southern part of Nevada...

Which has nothing to do with the Democrats. We admit that it is not their fault that the state is so long up and down, and that it is nearly five hundred miles from here to Reno...

And then, again, we of Las Vegas think of Reno as being in the northern part of the state when, as a matter of fact, it is a long distance from Reno to the north boundary of Nevada...

Which indicates that Nevada is a state of magnificent distances and varied interests. And it is good for us all to have the chance to go to other places and get the differing viewpoints of the people...

The north is the old settled part of the state. Las Vegas came up as a younger child in the family. So it is not unnatural that those of the north should sometimes regard Vegas as something of an interloper...

So we are asking that our visitors at this Democratic state convention (you are the guests of us Republicans as well) shall try to get the viewpoint of Las Vegas and give us the credit, if it should happen that we sometimes seem a little forward...

Yes, Las Vegas has reached that uncomfortable age when she just insists on being recognized, and we see in the holding of this convention here an indication that you of the north are willing to accept us into the state family.

LAS VEGAS, HOST. LAS VEGAS, beginning today, is host for the first time to delegates to the state convention of one of the major political parties.

Jackie Cooper not only strengthens his standing as a capable juvenile screen performer in "When a Feller Needs a Friend," but definitely establishes himself as one of the outstanding artists on the screen.

MARKETS AT A GLANCE

By OTTO E. STRUM (United Press Financial Writer). NEW YORK, May 19, U.P.—The stock market gave a good account of itself today in the face of the doubtful Washington situation...

With the market big shots still marking time on the sidelines, trading was dull and the turnover of 70,000 shares corresponded with recent volume.

Most of the activity early in the session was by way of selling and the leading issues lost some ground, but some speculative buying and covering caused a rally that finally left the principal stocks up fractions to a point.

The day's news in general was not such to inspire much firmness, but there were many people who derived encouragement from noticeable improvement in the oil industry and another rise in wheat prices.

Stocks consequently gave about the best performance of the day under leadership of Standard of New Jersey, which closed more than a point higher at 24 1/2.

Traders who had been cheered by recent developments in the world of petroleum expected further constructive results from the meeting of world oil producers, which reported further progress today.

Aside from some cautious statements of optimism by Charles M. Schwab of Bethlehem Steel and William A. Irvin of U. S. Steel, the meeting of the American Iron & Steel Institute today only served to deepen economic gloom.

However, it had no effect on the industrial stock market leaders and Steel, American Can, Du Pont, General Electric, Union Carbide, Allied Chemical and Westinghouse rallied from the lows of an early setback to close with fractional gains.

Omission of the dividend by Atlantic Coast Line and poor railroads figures by individual railroads depressed the railroad stocks, but many of the leaders shook off these factors.

New York Central closed at 11 1/2, up 1/4; Union Pacific at 42, up 3/4; and Atchafalpa at 29 1/2, up 1/2.

For a time public utility stocks showed a weak front and sold off considerably. North American, American Power & Light, Electric Power and others equalling or making new lows, but a rally in the group was led by American Telephone.

Amusement issues, both stocks and bonds, were subject to general pressure of an unexplained origin. Loew's closed more than a point lower, while in the bond market losses of 3 to 7 points were made by Paramount, Warner, Keith and Pathe issues.

Bonds generally were weak. United States government issues sagging more than a point in some instances, while renewed liquidation forced railroad issues to new lows and unsettled the entire list.
