EASTERN REPRESENTATIVES

PACIFIC COAST REPRESENTATIVES

VETERAN'S CONVENTION

LAST YEAR Las Vegas made a bid for the annual convention of the Pacific District Veterans of Foreign Wars.

Now we are better fixed than last year in the way of hotels and it is reasonably within our ability to provide for the Veterans Convention.

There is every reason to believe that, if the Las Vegas Chamber of Commerce will get busy and arouse the support of the community, the Convention next May will bring three thousand people to Las Vegas for a stay of four days.

We suggest that the matter be given serious consideration by the business men before the Las Vegas delegation goes to the Vets' Convention held at Vallejo, Cal., this year.

FOR THE BOYS

BOY SCOUTS are our boys and whatever we do for them we are doing for ourselves.

In view of the times prevailing, those who have charge of the work of getting together the funds with which to carry on the scout work for the coming year, cut their requirements down to half of what was subscribed last year.

Even so, we are told that funds are coming in very slowly.

Like many other things, the providing of funds for the scout work can be done easily if we only think we can.

We wish to call attention in this connection to the fact that this is an obligation, not of business men alone, but of all people, especially the parents of boys.

JOIN THE CHAMBER

PERSONS WHO are not members of the Chamber of Commerce sometimes get the idea that that body is composed of a bunch of self-serving individuals trying to put something over on the rest of the community.

The reason that such an idea sometimes prevails is because the very persons who criticize are shirking their duty to the community.

If the critics would attend the meetings and take part in the affairs of the Chamber, they would soon be convinced that the members are giving their time and efforts in an unselfish effort to serve the community.

Las Vegas would be a sorry place if it were not for the things the Chamber of Commerce has been able to do during the past two years. And if that group of men and women should discontinue their efforts to help Las Vegas, we would have a dismal outlook for the future.

Why not just try the plan of joining the Chamber and taking an active part in its work. You will find it beneficial to yourself as well as to the community.
