## Cannon Tender Mistakes Tear Gas Shell For Blank; Breaks Up Meet

The first meeting in the new American Legion hall was held last evening. It was a joint meeting of the Ladies Auxiliary and the American Legion.

A 36-inch, 10 gauge cannon, modern in every respect, was presented to the Legion by Andy Hamlascher. It was made by Andy Hamlascher, Scotty McGeorg, Frank Evans and W. Campbell.

McAdams was made custodian of the gun. Gavels were presented to the Auxiliary and the Legion by Major Garberg. The gavels were stained by Mr. Hall of the Boulder City stores, who also lettered the big Legion drum.

The joke of the evening was played by "Bud" Bodell, who, after firing four shots from the cannon, fired a tear-gas bomb, which sent the crowd home weeping.

If W. R. Campbell will call at the theater box office, Boulder theater, he will receive a free ticket, good today only at Boulder theater.

## WED IN PARIS 17 YEARS AGO

The anniversary of their wedding, which took place in gay Paree on June 7, 1919, just seven months before the armistice was signed, was celebrated by Mr. and Mrs. A. R. Tipton yesterday.

Tipton, whose home was in Berkeley, was an instructor of aviation, being a member of the 141st aerodrome, better known to the boys as Hobeys Baker's outfit. He met his wife, who was at that time a British war worker from London, in Paris. Their marriage followed a brief courtship, shortly after which Tipton returned with his bride to California.

Although Tipton, who is owner of the service garage which bears his name, is comparatively a newcomer to Boulder City, he has made

## KIDS REJOICE AS SCHOOL IS HAULED AWAY

One of Boulder City's school buildings went off on a vacation yesterday and a small group of school boys happily celebrated the occasion.

The building was propped up on two heavy timbers and hauled away from its location on Avenue B to block 46 on Ash street, by two 10-ton trucks in front and the other in the rear, presented an odd spectacle as it was moved through the city streets. With the exception of a halt caused by the breaking of one of the supporting timbers as the building entered onto Wyoming street, the stunt was performed in record breaking time under the capable supervision of Charles Holden, camp superintendent.

The school building will be converted into a telephone exchange by the Southern Nevada Telephone company.

## U. P. BUS TIME TO B. C. CHANGED

A change in the schedule of Union Pacific buses between Boulder City and Las Vegas was announced yesterday by Ross Mann, local agent. The change is effective at once.

# Do you inhale?

## Three little words that "upset the apple cart" in the cigarette trade

Do you inhale? Can any question be simpler? And yet—what a furore it has created! The cigarette trade feels that the public has been let in on a sacrosanct secret! "You've upset the apple cart," they say.

Whysuch anxiety? Certainly the public doesn't fear the question—for everybody inhales—knowingly or unknowingly . . . every smoker breathes in some part of the smoke he or she draws out of a cigarette.

Do you inhale? Lucky Strike has dared to raise this vital question . . . because

certain impurities concealed in even the finest, mildest tobacco leaves are removed by Luckies' famous purifying process. Luckies created that process. Only Luckies have it!

Remember—more than 20,000 physicians, after Luckies had been furnished them for tests, basing their opinions on their smoking experience, stated that Luckies are less irritating to the throat than other cigarettes!
