

BRITISH, IRISH PEACE PACT FAILS

BY HENRY T. RUSSELL
United Press Staff Correspondent
 LONDON, June 10 (U.P.)—Negotiations for settlement of outstanding differences between Great Britain and the Irish Free State failed completely tonight and Irish President Eamon de Valera in person, may carry the controversy to the British Imperial conference next month at Ottawa.

The sudden end of the conference in London left the governments of de Valera and Prime Minister J. Ramsay MacDonald further apart than ever on vital issues, including the Free State's plan to abolish the oath to the Crown, withhold land annuities from the British exchequer and unite North Ireland with the Free State.

Britain has threatened economic reprisals, particularly the refusal of preferential tariff rates to the Free State when the Ottawa conference convenes. As a result, it was said in Dublin that de Valera was expected to go personally to Ottawa to expound the Free State's position and to ask the support of other dominions in a last minute attempt to prevent British economic reprisals.

Government leaders at Dublin hinted that de Valera's demand for unity of all Ireland was the chief cause for breakdown of the conference, while in London, it was said the collapse was due to failure to agree on the oath question.

The conference at No. 10 Downing street ended in a wild and rowdy demonstration by British sympathizers for the tall, gaunt de Valera, who once was in arms against England and long a fugitive with a price on his head.

Large crowds, in which women predominated, shrieked cheers for the Free State president, shouted, "Up, Republic," hissed J. H. Thomas the British dominions secretary, and blocked traffic by crowding around de Valera's automobile. Some of them waved the Free State's green, gold and white flags.

FRIDAY IN CONGRESS

SENATE
 Accepted conference report on agriculture appropriation bill without debate in 13 minutes.
 Approved the \$300,000,000 direct relief bill.
 Judiciary committee concluded hearings on the bill designed to revise bankruptcy laws.

HOUSE
 Agriculture committee reported favorably the export debenture and equalization fee bills to aid farmers.
 Considered home loan bank bill the last measure of President Hoover's rehabilitation program.
 Majority Leader Henry T. Rainey of Illinois blocked efforts to force an immediate vote on the soldiers bonus bill.

RADIO SUBJECT TO LIBEL LAW

LINCOLN, Neb., June 10 (U.P.)—A radio station is subject to the same libel laws as newspapers, and can be sued if it permits its speakers to broadcast defamatory utterances, the Nebraska supreme court ruled today.

The court's decision was in the \$100,000 libel suit of Nebraska's attorney general, C. A. Sorenson, against radio station KFAB, Lincoln, and Richard F. Wood, campaign speaker during the heated 1930 campaign.

The district court which heard the case awarded Sorenson one dollar damage against Wood, but held the radio station not liable for the words uttered by Wood.

The supreme court, in an opinion written by Chief Justice C. J. Goss, reversed the decision of the court below and sent the case back for rehearing.

"The federal radio act confers no privilege to broadcasting stations to publish defamatory utterances," the court held.

BANKS TO GET TAX ON CHECKS

WASHINGTON, June 10 (U.P.)—Banks will collect the two cent tax on bank checks, imposed by the new revenue bill, with the least possible inconvenience to customers, bureau of internal revenue officials said tonight.

All banking institutions will pay the federal government two cents on each check drawn by depositors during each month. They then will deduct the tax from the customers' balances each month. Counter checks are exempt.

COOLIDGE BOOM TRACED TO JOKE

CHICAGO, June 10 (U.P.)—The great "Coolidge myth" here—the report circulated about the country by some newspapers that a boom was starting here for the ex-president as President Hoover's running mate—was the result of a joke.

A couple of newspaper correspondents, chatting with a Republican leader, suggested that it would be funny if somebody got up in the convention here and nominated Calvin Coolidge. The Republican leader thought it a good joke, too. So he told it about the hotel.

But somebody took it seriously, and first thing anyone knew, responsible Republican leaders were trying to stop the story. That gave it the necessary boost, and presto, it became the basis of news stories.

LIKES CITY, SO WILL SPEND 30 DAYS — IN JAIL

Paul Carter cannot deny the charm of Las Vegas, and insists upon returning in spite of the very pointed hints of the police department in times past, it came out in Municipal court yesterday when he was arraigned again on a vagrancy charge.

Carter has been before Judge Morse several times on various petty charges, and has repeatedly been floated, according to authorities.

The persistent visitor will have his apparent desire to stay in Vegas granted, for he will spend the next thirty days in the city "house-sow."

HOME FROM RENO
 George Day, H. P. Marble, and Dewitt Tracht have returned from Reno where they attended the meeting of the Grand Lodge of Masons. George Day was elected Grand Captain of the Host and Dewitt Tracht Grand Chaplain.

HERE FOR CONVENTION
 Mr. and Mrs. Willard W. Smith, Mr. and Mrs. Carl Scannell, Messdames Walter Martin, Reuben Acklin and Roy Hutchins, of Lincoln County Post No. 23 of Caliente are here attending the state convention.

If T. J. Lovejoy will call at The Age office, he will receive a free ticket, good for today only at El Portal theater.

WOMAN FLYER KILLS SELF

BISKRA, Algeria, June 10 (U.P.)—Mlle. Lena Bernstein, the French flyer whose body was found on the Biskra aviation field yesterday, committed suicide by swallowing poison followed by champagne.

That was the verdict returned today after an inquest into the death of the noted aviator, who formerly held various women's air records.

She had come here in an effort to regain the long-distance mark broken by Amelia Earhart in her trans-Atlantic flight and became despondent after a windstorm destroyed her plane.

On June 2 she hired a horse-drawn coach, drove to the air field at the race tracks and told the driver she would return on foot. She had two bottles of champagne. She was not seen alive after that.

PROHIBITION IS CONTROVERSY IN DELEGATE RANKS

SAN FRANCISCO, June 10 (U.P.)—The "harmony meeting" of California's delegates to the Republican national convention today developed into a bitter but subdued controversy over the prohibition question.

If the dries in the delegation force through a program of a unit vote for prohibition, the wets will rebel, it was said. Twenty-six of the 47 delegates were classified as "bone dry."

Mark Requa, national committeeman, gave orders for the delegates to avoid comment that might embarrass the President.

Shortly before the delegation left for Chicago, Leland W. Cutler, president of the San Francisco Chamber of Commerce, demanded support of a plank for repeal of the 18th amendment. He ignored an order to "keep quiet" on the subject.

EVANGELIST RETURNS

When Aimee Semple McPherson-Hutton, famed Los Angeles evangelist, and her husband, Dave Hutton, returned from a belated honeymoon to Central America, Mrs. McPherson-Hutton was seriously ill. As she was taken from a train in Los Angeles her husband shielded her from photographers with a big blanket. They are shown below, in contrast, shortly after their marriage.

POLITICAL MOB KIDNAPS WOMAN

KANSAS CITY, June 10 (U.P.)—The first violence in the current political campaign was reported to police today by Mrs. Mary Van Sandt, a candidate for the Republican county central committee.

She reported that eight men kidnaped her Thursday and held her captive for almost an hour, seeking to secure her promise to withdraw from the race. She was released, unharmed.

BANKERS NAME NEW LEADERS

LOS ANGELES, June 10 (U.P.)—Frank N. Hall of St. Louis, Mo., was elected president of the American Institute of Banking and Chicago was chosen for the 1933 convention at the closing session of the 30th annual conference here today.

Hall was vice president last year and advanced automatically to the presidency. Albert S. Fuellecher, Milwaukee, Wis., was chosen vice president and new executive committeemen were Frank R. Curda, Chicago, T. Edward Kellar, Boston, Freeman Strickland, Atlanta, Ga., and J. Ross Burhouse, Philadelphia.

More than 1,500 delegates from all parts of the nation attended.
