Cost Her \$4.25 To Reduce 65 Pounds

"Worth It," Miss Bates Says.

If you're young and fat read what Miss Bates of Beech, Iowa, has to say about Kruschen Salts—if you are middle age or old Kruschen shows you the way to lose fat the SAFE way.

"I took one bottle of Kruschen Salts a month for five months. It amounted to \$4.25 and I reduced 65 lbs. but it was worth it. Imagine just 22 years old and weighing what I did. I could not enjoy myself as other girls did. I could not get the clothes I wanted. I think it is wonderful the results Kruschen Salts give."

To lose fat the safe, sane way—take one-half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—eat less fatty meats, potatoes and sweets—a jar that costs but a small sum lasts 4 weeks. Get it at Las Vegas Pharmacy or any drugstore in the world—but be sure for your health's sake to ask for and get Kruschen Salts. It's the little daily dose that does it. —adv.
