

## Joint Kiwanis Rotary Meeting

The Kiwanis Club joined in a meeting with the Rotary club at the Union Pacific dining room Thursday noon. Both clubs, owing to the holiday and the absence of many on vacations, made a rather scanty showing in the matter of attendance. Nevertheless the meeting was an interesting one.

Bob Russell, of the Rotary club, presided over the joint meeting. The principal feature of the program was the report of Bob Griffith, president of the Las Vegas Kiwanis club, on his recent trip by automobile to the east. He recounted some of the interesting episodes of the Kiwanis convention, and traced briefly the visit to the Chicago Exposition; thence to Detroit and a tour through Canada. They crossed Lake Ontario by steamer, then visited New York, Philadelphia, Washington, where they were at the adjournment of Congress; thence by way of the Susquehanna Valley toward the west again.

Mr. Griffith's comment, when asked what, in his opinion, America needs most at this critical period, was "More parking space."

## Senator Pittman To Visit Boulder

Arrangements have been completed by the Central Labor Union of Boulder City to have United States Senator Key Pittman address a huge mass meeting of Boulder workers when he visits this section in the near future. The meeting will be held out of doors and a large and enthusiastic crowd is expected.

## OBSERVATIONS

ZEB RAY

Just the other day I sat with U. S. Marshal Zeb Ray, in his office in the Federal building, Carson City. He was in fine spirits, happy in having, after a long series of rather unproductive years, achieved a position of honor and comparative financial independence.

We talked about the old times in the camps of Tonopah, Goldfield and Bullfrog and of our various disappointments, trials and tribulations and I was quite happy in thinking that so fine and friendly a man as Zeb Ray should at last have had his worthiness rewarded.

It is with grief that I read of the passing of this old friend, especially just at the time when a long span of prosperous and happy years seemed to lie along the pathway of his sunset years.
