Report Given Rotary Club

Marion Earl presided at the meeting of Las Vegas Rotary club Thursday for the first time since he was made president of the club.

The meeting was devoted to a most interesting report on the recent convention of Rotary International at Detroit, at which 7,500 delegates were present from 43 countries.

The city of Detroit and its automobile industries did much to make the stay of the visitors pleasant among other things keeping 750 new automobiles with drivers at the service of delegates at all times.

Speaking of automobiles, President Earl said that he decided to buy a new Ford sedan and spoke to a dealer about it. The dealer said, "Would you like to see your car made?" So he was taken to the assembling plant and followed the assembling of his car beginning with the bare frame, through all the processes of the long line, and at the end of the line got in his "new car" and drove away.

According to the report, the only unpleasant incident of the great convention was the address of Postmaster General Farley which was described as a partisan political address, devoid of tact and offensive to members of the large foreign delegation.

RIVER FLOW DIMINISHING

The water shortage in the Colorado river is becoming serious, it was revealed today by a report from the bureau of reclamation, which revealed that the river had dropped another 50 feet.

At Bright Angel, the report showed 2,400 cubic feet per second flowing down the river and within 24 hours there was but 2,350 cubic feet. This is compared to normal, for this season of the year of 20,000 cubic feet.

McCLELLAN DEATH IS SAID TO BE NATURAL

The coroner's jury which investigated the circumstances of the death of Clifford McClellan found that McClellan died as a result of natural causes, "deceased having passed away in bed in his apartment in a local rooming house."

Dr. Roy W. Martin, after examination of the body, found that there was no evidence of foul play.

Funeral services for McClellan were held at the grave in Woodlawn cemetery at 5 o'clock Wednesday afternoon.

Varied Program At C. C. Meeting

Sam Lawson, vice-president, occupied the chair at the meeting of the Las Vegas Chamber of Commerce Tuesday. Miss Maude Frazier presented Ethel Corey as her guest.

Bob Griffith asked that suggestions be made as to a name for the Boulder dam reservoir, already named by the Department of the Interior, "Lake Mead."

Bob Russell, reporting for the publicity committee, read from articles by Lee Shipley in Los Angeles Times.

James Cashman reported progress in the campaign to bring about improvement of Stewart street.

James Farnsdale requested the cooperation of the chamber in a two-day celebration of Labor Day.

Secretary Nye Wilson, reporting upon the Motor Vehicle Conference recently held in Salt Lake City He expressed the belief that because of the donation of such conferences by special interests, no good could come out of them.

Dr. Newman discussed means whereby the Chamber may secure desired legislation by the coming legislature.

Lincoln and Clark C. of C. Holds Meeting

A delegation of the leading members of the Lincoln county Chamber of Commerce arrived in Las Vegas Thursday for a conference with the Las Vegas Chamber of Commerce regarding the possibility of securing power from Boulder Dam and to devise plans for financing a power transmission line from the dam power house to the Pioche district, or the Ely district if that section desires to secure power.

The meeting was held at the Apache Hotel, several members of the Las Vegas chamber being present. The meeting was called to order by President Archie Grant of the Las Vegas chamber, who, after welcoming the visiting delegation, turned the proceedings over to Mr. J. H. Buehler, of Pioche, as chairman.

The Lincoln county men in presenting their case, called attention to the fact, not yet generally realized, that the Pioche district has already in sight or partially developed the greatest tonnage of ore of any district in America, mostly (Continued on Page 16)

Dam Vacation Is Set for Labor Day

The Labor Day celebration committee of the Las Vegas Carpenter's Union announced that a two day vacation would be given all workmen on Boulder Dam by Six Companies, on September 2nd and 3rd. The Labor Day vacation is one of the few yearly shut downs on the great project.

Anderson Bros. have expressed a willingness to help make this year's fete a big success.

The Boulder City Central Labor Council is taking care of the arrangements for the Boulder section of the program.

James Farnsdale has been named chairman of the joint committee. An invitation is extended to merchants and business houses of Las Vegas and Boulder City to enter floats in the Labor Day parade to be held in Las Vegas.
