FROM WHERE I STAND

By JIM SQUIRES

Mr. A. E. Cahlan,
Review-Journal,
Las Vegas, Nevada.

Dear Al:

Got quite a kick out of your "Angles Perhaps" editorial in last Monday's issue of your "sheet."

Since when, Al, did you annex the "we democrats"? Do you think than an "Independent" paper—which is one that rides the fence—should dictate, or ridicule the fact that a citizen of the state of Nevada had nerve enough to change to a democrat? I did that, Al, and his registration from a republican can say that I am proud of it. However, the fact that I registered as a democrat has nothing to do with this "sheet" as you call it, as I don't have any more interest in it than you have in the one you work for.

There may be "angles," Al, but don't think that I have overlooked the meeting of the "political fixers" in a local hotel last spring. That was some meeting, Al, in which the destinies of this state were all "fixed." It's a nice idea, Al, to shake the hands of three or four candidates for the office of governor, with one hand, but before the primary election they will find out—that you are riding the fence and waiting for the winner—before you bet your nicker.

Remember the old saying, Al, "Never let thy left hand know what thy right doeth"? (or something like that). Why don't you come out in the open like a man and stop shaking Harmon's hand with your right and Grant's with your left?

Why don't you come out in the open for Key Pittman for the United States Senate? Does it take a little republican "sheet" to come out for the democratic standard bearer of the state? Whether we are republican or democrat—we are for Senator Key Pittman—and we are proud of it. Also we are proud of the fact that we are for the nomination of John A. Cooper for governor and Fred S. Alward for lieutenant governor on the democratic ticket.

Also got quite a kick out of your Tuesday's article in "From Where I Recline." You started out with "Our system of government is backwards." "If you don't believe it consider the state legislators—" Well, Al, the people of the city of Las Vegas have been considering the state legislators of the last session—ever since the \$60,000.00 state song was copyrighted, and since that legislature—of which you were a member—put over that infamous truck law, that took thousands of dollars every month out of the pockets of Las Vegas and Clark County business men—as well as the rest of the state. We realize that it is a sacrifice also, Al, to go to the state legislature, but we also

Tent Classrooms For School Pupils For Time Being

The board of education decided this week that the school children of the sixth, seventh and eighth grades will attend regular classes in tent classrooms similar to those erected in Southern California following the condemnation of the school buildings after the Long Beach earthquake.

The decision to establish temporary quarters for the children was decided upon by the board to meet the apparent desire of the taxpayers to withhold any further construction until after the completion of Boulder dam.

Eight tents, 24 by 40 feet in size, of the same model being used in Southern California, were ordered for immediate delivery, and will be erected on the grammar school grounds adjoining the building that burned. They are expected to be ready for occupancy by the time school starts on September 4th.

The tents will be equipped with desks and blackboards, and carry a frame superstructure sufficiently strong to resist the high winds in this area.

The board also decided to go ahead with cleaning up the debris left by the fire, and will carry this on by day labor instead of contracting for the work. This also will start immediately and is expected to be finished by the time school starts.

The cost of purchasing, erecting and equipping the tent classrooms was estimated by the board at approximately \$5,500, which is available from the portion of the insurance money which belongs to the grammar school district.

Convicted Men On Way to Pen

Anthony Erkitis and Artie Taylor, who were convicted of the holdup of F. G. Hansen, service station operator, were taken to the Nevada state prison yesterday to begin serving their sentences of from five years to life. Mrs. Taylor, who was also arrested at the time of the holdup and was cleared of any charges has left for her home in Chicago.

'Heil Hitler'

With this defiant cry, Otto Panetta, who confessed firing the shot that killed Chancellor Dollfuss, was hanged in Vienna. This photo of Panetta was flown from Vienna to Berlin, telephotoed from Berlin to London and radioed from London to New York.

Cooke in Vegas On Campaign

H. R. Cooke, candidate for the democratic nomination for the United States Senate is a visitor in Las Vegas. Mr. Cooke is a prominent Reno attorney. He plans to remain in the southern part of the state for the next few days.

Register Now!

Tuesday, August 14th will be the closing date for registration for the September election. County Clerk Scott urges everyone who has not registered, or who have changed their address since the last election, to call at the clerk's office and register.

The registration this year has reached an all time peak.

It is said that you can tell AAA "regimented" potatoes by the fact that they keep their eyes to the front.

When we went to school they told us that the lowest form of animal life was the amoeba, but now General Johnson tells us it is the chiseler.

LABOR DAY PROGRAM IS ANNOUNCED

The Labor Day program being sponsored by the labor organizations of Clark county is fast nearing completion. It is expected that this year's events will far surpass any of those in previous years.

One of the features of the program, immediately following the parade of floats at 9:30 on Monday morning, will be the crowning of the queen of the festivities. The queen of the day will be selected at the bathing beauty contest to be held at Lorenzi Lake park on Sunday afternoon, September 2nd. Over one hundred beauties of the desert will be on parade—and we have something on the desert besides sagebrush. Entrants in the bathing beauty contest are asked to leave their names either at the Age office, 411 Fremont street, or at Lorenzi Lake park.

H. F. Hayes has been appointed by chairman Farnsdale to take care of the registration of the floats that are to be in the parade. He may be reached by phoning number seven.
