Joseph W. Wilson announced Wednesday that 60,000 sheep will be purchased under the federal drought relief set-up in Elko county during a six weeks' period scheduled to begin by September 10. This number represents approximately 16 percent of the total 350,000 sheep within the county. The shipping program over a six weeks' period will mean that 12 cars of sheep will leave Elko county points every day except Sunday until the program has reached its time limit date.
