

Lecture Series Opens Sunday

Rev. W. A. Phillips, director of Evangelism for the Northern California Baptist convention, will open a series of lectures Sunday, October 14, at the Baptist church on the corner of Seventh and Fremont. He will speak every Sunday, Tuesday, Wednesday, and Friday for two weeks, closing with Sunday, October 28.

Rev. Phillips is noted as an interesting and instructive speaker and it is reported that he will be

in great demand for civic and school meetings.

His lectures will tell of his five years of experience as missionary among the Garo Hunters. He has many articles of dress, jewelry, implements and weapons which will be used to illustrate his talks.

CAMPAIGN BEGINS MONDAY AMONG L.D.S. ASSOCIATIONS

October 14-21 is Improvement Era week in the Young Men's and Young Women's Mutual Improvement Associations in all of the wards of the L.D.S. church, according to announcements which have been issued from the general offices of the Associations. During that week local volunteer agents will make an effort to place the magazine in every home owned by members of the church and in as many homes of those not of that faith as possible.

The magazine is the chief publication of its kind in the inter-mountain West and goes into every state in the Union, Canada, Mexico and to many European countries as well as to the islands of the sea.

According to Elder Melvin J. Ballard, manager of the publication, it is the "Voice of the M. I. A."

"We think, however, that The Improvement Era might also be called the voice of the West," said Elder Ballard, in speaking of it, "for it contains the articles, the stories, and poems written by the people of this region, reaching from Canada on the north into Mexico on the south. Many non-Mormons also are given the privilege of expressing themselves through its columns, when their expressions are not contradictory to the welfare of the church."

An intensive drive for subscriptions will be conducted during next week.
