The children meet for rehearsal every Thursday at 3:45 P.M. and the quartette on Friday at 7:00 P.M.

We need more older children and the training they will get will be of lasting benefit. All are welcome.

### C. S. L. MEETING

**The Women's Regional meeting** last Friday under the inspiring influence of Miss Brown and due to the untiring efforts of our C. S. L. workers, proved most interesting and helpful. Several women came in from surrounding ranches and there was a goodly delegation from Boulder City headed by Mrs. Gannon.

Miss Brown visited some of our Missions in Clark County and was thrilled at the reception given her by the many "isolated" children she is helping with her Correspondence School of Religion. Its a mighty good and wonderful work!

Among the citations which comprise the lesson-sermon is the following from the Bible: "Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time: Casting all your care upon him, for he careth for you." (I Peter 5:6,7.)

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual Life and its demonstration. It is 'easier for a camel to go through the eye of a needle,' than for sinful beliefs to enter the kingdom of heaven, eternal harmony." (P. 241-242.)

### EASING PROBLEM OF SCHOOL LUNCHEES

It is a simple matter to pack a nice school lunch occasionally, but when it comes to packing one every day for eight, nine, or ten months of the year, it becomes quite a prob-

lem. The ideal lunches are those which are perfectly balanced from the standpoint of nutrition, are easily packed, and yet different ending no monotony—here is where planning ahead helps.

The easiest way to handle the school lunch problem is to plan for them in advance, just as for any other meal. Have fruits, crackers and cookies, sandwich spreads, and jellies on hand for the lunch boxes. On the day before choose a larger cut of meat than is needed for one meal and use what is left for sandwiches. Cold meats, such as roast beef, boiled tongue, and meat loaf are all excellent for sandwiches when sliced thin. Further variety may be gained in sandwiches by using different kinds of bread and cutting it in different shapes.

Cold, cooked meats may be ground and used to good advantage for sandwich fillings. Here is a recipe for one suggested by Inez S. Willson, home economist.

#### Ham Salad Sandwich Filling

- 1 cup ground baked ham.
- 1 cup celery, chopped very fine.
- 1 hard-cooked egg, chopped.
- 1 tablespoon cream.
- 1 teaspoon tomato ketchup.
- Few drops of Worcestershire sauce.

Combine ham, celery and egg, season with ketchup and Worcestershire sauce and moisten with cream. This is especially good with rye bread.
