

# CITY FACES HUGE CLAIM

Preliminary procedure in entering a suit against the City of Las Vegas for \$75,000.00 was started this afternoon when Attorney Roland Wiley appeared before the City commissioners and presented a claim for his client, Fred Schultz, in that amount.

According to Wiley his client received injuries in an accident on Clark Avenue in West Las Vegas on July 8th and held that the city was at fault in leaving an obstruction on the roadway.

The city commissioners turned the matter over to city attorney, Henderson, for legal advice before taking any action in the matter. It is expected that the commissioners will deny the claim at their next regular meeting in January and that a suit against the city will be started. Dave Holand was also injured in this particular accident.

# Fire Damages Anderson Home

Fire which smoldered for some time before breaking out Christmas night damaged the interior of the residence occupied by Mrs. Harry Anderson at Sixth and Bridger streets. The alarm was turned in by Wm. L. Scott, county clerk, and prompt arrival of the fire department saved the structure.

It is believed the fire was started by a cigarette left on the davenport. Estimates place the loss at approximately \$1,000. Mr. and Mrs. W. N. Schuyler own the house.

# Dam Structure Near Completion

Pouring of concrete in the main structure of Boulder Dam is expected to be completed within the next sixty days, according to officials of Six Companies, dam contractors. It is estimated that construction of the power houses at the base of the dam will not be completed until the fall of 1935 at which time installation of the generating plants will start.

Water from the spring run-off will be stored in the reservoir above the dam during the coming year. This will eliminate any future danger to Imperial Valley from the
