

Chamber Seeks Road Clearing

At the Chamber of Commerce meeting Tuesday noon, Bob Kaltborn reported for the nominating committee some changes in nominees to be voted on at the election next Tuesday.

Archie Grant, having declined because of other important duties, to serve as president of the Chamber for next year, the committee nominated Otto A. Kimball for the position of president. R. B. Griffith was named for first vice-president, and Mr. Grant restored to his former position as nominee for director-chairman of the committee on Reclamation and Power. Percy Nash, member of the board of visitors to the state university, stated that it had been proposed by the regents to make a tuition charge of \$100 per pupil per year for support of the university to make up for the loss on income resulting from the reduction of values of assessable property during the past five years. Upon the protest of members of the

board of visitors and others Mr. Nash said the regents agreed to forego the matter of imposing the \$100 per year tuition charge on Nevada students until after the legislature meets, in the hope that legislation can be secured to increase the income of the university through increase in the tax rate.

After some discussion, the request of Mr. Nash for some action by the Chamber was answered by referring the question to the committee on education.

Dr. W. R. Smith gave a most interesting account of his experiences in raising black silver foxes in the Las Vegas valley. He stated that the skins were worth on an average \$75 each and expressed the belief, based on his own experiences, that the foxes can be raised here cheaper than in any other locality in the United States, and that there is a place here for an important branch of that industry.

Dr. Smith exhibited several beautiful skins he raised in this valley, stating that he was not attempting to sell them to the Chamber or its members, but as discussing the matter of fox farms as an important part of community enterprise, which would employ many additional men in this locality.

On motion of Robert Griffith, a resolution was adopted expressing the appreciation of the Chamber for the employment by the Union Pacific of additional men at Las Vegas.

FOREST RANGER REPORTS DEEP MOUNTAIN SNOWS

Russell Bean, forest ranger stationed in the Charleston Park area, was a guest at the Chamber of Commerce luncheon Tuesday last. He reported that there is a heavy blanket of snow in Charleston Park and considerably more, perhaps seven feet, in the Deer Creek region.

There is a great deal of talk about new leaders for the Republican party. It might be a good idea also to arrange for some additional followers. Even sixteen million does not seem to be enough.

Murray Wollman introduced the subject of securing additional heavy equipment for use in keeping the mountain road to Charleston Park and other localities open during the snow periods. Bob Kaltborn Robert Griffith, Mayor Leonard Arnett and others joined in the discussion. It was voted to send a request by Senator A. S. Henderson, who was leaving for Carson City, asking the state highway department to take some action.

Secretary Oliver Goerman expressed appreciation of a letter from Kel Houssels a member of the Chamber, in which he volunteered to double his dues to the Chamber and enclosed a check for \$240 for 1937.

OLD TIMERS VISIT CITY

Mr. and Mrs. William B. Dobson, of Highland Park, Calif., were in the city Monday and Tuesday of the past week. They are old time residents, having moved to California some twenty years ago. Mr. Dobson and his brother were at one time in the grocery business here. Mrs. Dobson had a great deal of musical ability and gave freely of her time and talent for all church, fraternal and social affairs in those early days. Their home on North Fourth street is now occupied by O. J. Smith.

THRIFTY

Word comes from Aberdeen, S. D., that the WPA has agreed to provide it with a Santa Claus during the week before Christmas. Apparently the town is living up to its Scottish name.—New Orleans Times-Picayune.

If you don't know what regimentation is just try riding back and forth from work every day in a crowded street car or bus.

Quickest Way to Ease a COLD

1
Take 2 Bayer Aspirin tablets with a full glass of water.

2
If throat is sore also, gargle with 3 Bayer tablets in 1/2 glass of water.

The modern way to ease a cold is this; Two Bayer Aspirin tablets the moment you feel a cold coming on. Repeat, if necessary, in two hours. If you also have a sore throat as a result of the cold, dissolve 3 Bayer tablets in 1/2 glass of water and gargle with this twice. The Bayer Aspirin you take internally will act to combat fever, aches, pains which usually accompany a cold. The gargle will provide almost instant relief from soreness and rawness of your throat. Your doctor, we feel sure, will approve this modern way. Ask your druggist for genuine Bayer Aspirin by its full name — not by the name "aspirin" alone.
