A pencil with a compartment holding aspirin tablets is on the market now, in good season to catch the public making up its income tax form.—Atlanta Constitution.

# BED ROCK

GEOLOGISTS tell us that even bed-rock moves. But it shifts so gradually that it makes a safe, sure base for the largest structure. This bank, too, is moving with the times. But the movement is always gradual, along predetermined lines. Every succeeding move has merely served to further strengthen and consolidate its underlying stability. Each year finds this bank in even better position to serve its many clients and depositors.
