

# Nevada Girl To See Washington

Miss Virginia Tibbs of the Lander county high school at Battle Mountain, Nevada, has been chosen as the representative for Nevada in the Good Citizenship Pilgrimage Contest, and will be the guest of the Daughters of the American Revolution in Washington, D. C., in April. Notice of this Good Citizenship award was sent to all high schools in the state but only eighteen of these responded and selected a representative of their school. The eighteen girls chosen from their respective high schools were: Eleanor Ronnow, county high school at Panaca; Wilma Jones, Sparks high school; Margaret Nash, Reno high school; Margaret McKenna, Carlin high school; Virginia Tibbs, county high school at Battle Mountain; Lilia Gori, Wadsworth high school; Louise Escobar, county high school at Austin; Angelina Arobio, county high school at Lovelock; Elsa Jensen, county high school at Lund; Dell Farrell, county high school at Yerington; Bessie Grock, county high school at Elko; Jane Schwartz, Las Vegas high school; Edrie Cross, Carson City high school; Ruth Harris, county high school at Eureka; Viola Gregory, county high school at Goldfield; Alma Strauss, county high school at Fallon; Fern Fielding, county high school at Ely; and Mary Arentz, county high school at

## ELECTRIC WASHER SIMPLIFIES YOUR WASHDAY PROBLEMS

"This is the way I wash my clothes," sings this modern home maker, as she completes the day's washing. And when a young bride such as the one pictured, wears a smile on the proverbial "blue Monday" with which washday is identified, it bears investigation. The secret is a sensational new device in her Hotpoint Washer, called the Thriftvator, which circulates the clothes through three gentle but distinct zones of washing action. This modern Washer washes everything from daintiest garmens to heaviest woollens. It is a far cry from the back-breaking toil of the old tub-and-washboard method and the uncertainty of "sent out" washings.

# Marble Told Of Father's Death

City Commissioner H. P. Marble has received word of the death on March 16 in Tablerock, Nebraska, of his father at the advanced age of 98 years.

Judge Marble was a real pioneer of the west, having settled in Tablerock in the '60s. For more than fifty years he has been municipal judge in Tablerock, and held a membership in the Odd Fellows for more than seventy years, being one of the oldest Odd Fellows in the country.

Deceased was one of the few who approach the century mark in age, being some four months older than John D. Rockefeller. He was active in mind and body until near the time of his death.

Mr. H. P. Marble is the only surviving child.

# Red Cross Will Convene In May

Admiral Cary T. Grayson, national Red Cross chairman, in a letter to all Red Cross chapters announces the annual Red Cross convention will be held in Washington, D. C., May 10-13.

Red Cross units, everywhere, are invited to send both senior and

Smith. Two alternates were also chosen from these eighteen girls and they were, first, Edrie Cross of Carson City, and second, Viola Gregory of Goldfield.

The senior students in each public high school chose by vote three girls of their class who excel in the following four qualities, desirable in good citizenship: (1) Dependability—which includes truthfulness, loyalty, punctuality; (2) Service—cooperation, courtesy, consideration of others; (3) Leadership—personality, self control, ability to lead; (4) Patriotism—unselfish interest in family, school, community and nation. From the three girls elected by their classmates on the basis of these four points, the high school faculty selected one, who becomes the representative of the school and her name was sent to State Superintendent Chauncey W. Smith. Final selection was made by drawing three names by lot, the first name drawn to be the winner, and the second alternates, respectively. This final drawing was done in the office of the state superintendent of public instruction by Miss Billie Orton, member of the Daughters of the American Revolution of Carson City.

Miss Tibbs has accepted the honor of being the representative for Nevada and will leave for Washington in April to enjoy a three days' program as the guest of the Daughters of the American Revolution. The entire expense of the trip is being taken care of by the D. A. R. and a medal for good citizenship will be presented to each "Pilgrim" on the opening night of the annual D. A. R. congress.

The officers of the Daughters of the American Revolution are: Mrs. Elmer Boyne, State regent, Reno; Mrs. Thurlow Douglas, Chapter Regent, Reno; Mrs. Carl Stevens, State Chairman of the Pilgrimage Committee, Reno.

junior delegates to this gathering which was postponed from April to the current date by reason of the disaster relief work in the eastern and mid-western states.

Concerning the flood situation, Admiral Grayson says: "Faced by the gravest crisis since the World War, the Red Cross discharged its standing obligation to the nation with vigor and efficiency. Thus was re-emphasized a simple truth: the strength of the Red Cross is no greater, no less, than the strength of its chapter links; for 100 percent chapter participation was largely responsible for the success of the relief operation."

# State Federation Will Meet Here

The Mesquite Club, under its very able president, Mrs. A. C. Grant and her officers, is making preparations to entertain the State Federation of Women's Clubs which is scheduled to meet here Wednesday, Thursday and Friday, April 14, 15 and 16. A most interesting program has been arranged which includes several social affairs and a trip to the dam. About seventy-five officers and delegates are expected from all corners of the state. This will be

the first time such a representative body of women have planned to visit us and the local women are doing their utmost to make the visitation a pleasant one. A pleased woman is a much better booster than a man. If a woman has a good time she will talk of it for months to every person she meets.

The Bible, or parts of it, has been translated into 991 languages and dialects by the American Bible Society, according to an announcement issued recently by this organization, the headquarters of which are at Park Avenue and 57th Street, New York City. In 1936, the Bible was translated and published in nine new languages, "seven of these being African dialects and two European," the report stated.

# A VANISHING ART

THE totem pole, symbol of achievement among families of the West Coast Indians of North America, is disappearing. The art of carving and painting, with native dyes, these picturesque monuments to valor and legend, now is known to so few of the older members of Pacific Coast tribes that both the United States and Canadian Governments have taken steps to preserve all authentic totem poles in their respective territories.

Except for some museum pieces, totem poles are unknown to people who live east of the Rockies, but they are items of intense interest to tourists and travelers to Alaska. The shaded portions of the map (inset) show where the best examples are now to be found.

The layout illustrates two excellent examples of this vanishing Indian art. Right is a splendid totem pole at Sitka, Alaska, and below is a strange animal designed by an ancient native of Kitwanga, B. C., to guard his village against intrusion by evil spirits.
