## FOR A HAPPY HOLIDAY

The "Glorious Fourth" can be just as glorious as we choose to make it. This year the long week-end created by the holiday will intensify the hazards which the Fourth always produces. The watchword should be, "Take care!"

Independence Day celebrates the independence of a nation. The coming week-end will demonstrate vividly the modern interdependence of people. Great streams of traffic pouring over the highways will show how essential are mutual regard and courtesy among drivers. Fireworks will demonstrate it too. A "firecracker thrown by another" is, according to the National Conservation Bureau, the greatest single cause of the tremendous number of fireworks accidents every Fourth of July. At the beaches and lakes, imprudent swimmers will again remind us that human life must be risked to save the life of a drowning person.

Reasonable care divides a happy holiday from the tragedies which mar it. Reasonable care will insure you, your family, and the other fellow against mishap. For instance:

If you drive—see that your car is in good mechanical condition. Check tires, lights, brakes, steering mechanism, windshield wiper, rear-view mirror, horn. Drive skillfully, at a reasonable speed. Observe the rules and courtesies of the road.

If you must use fireworks—give yourself plenty of space. Keep away from children and animals and buildings. Throw firecrackers away from people and inflammable materials, not at them. Never hold an exploding firecracker, nor set them off under a bottle or can. Cauterize the smallest wound immediately — tetanus poisoning works fast and kills.

If you go swimming—swim in safe and protected places. Beware of strong tides and currents. Know your limits as a swimmer. Wait two hours after eating. Avoid shallow places.

The old fashioned farmer who did his planting in the dark of the moon has a son who gets paid for not plantig at all.

## WITCH DOCTORS' TREK CARRYING LEPER BOY LASTED NINE MONTHS

DARWIN, Australia. — An aboriginal witch doctor named Kancubina recently staggered into Roper River police station, North Australia, with a leper boy known as "Smiler" on his back. Kancubina had carried the boy from water-hole to water-hole for nine months, joining the Caledon Bay blacks for hunting, food, and nursing. The object of the trek was to allow the boy to see a policeman who employed "Smiler" some years ago. "Smiler" was confident that the policeman could cure the disease. The boy was removed to a leprosarium.
