

Make Progress On Dam Highway

(Mohave County, Ari., Miner)
Lee Moor contracting company is well along with their grading of their mileage contract in the construction of the Kingman-Boulder dam highway and are now placing aggregate base giving it asphaltic surface treatment. They have already started work on clearing the right of way for the second contract recently awarded them which will bring the construction now under contract to within about five miles of Kingman.

A drive over the new location is something of an enlightening nature. The long tangents stretching across the Sacramento valley are revelations of highway construction and when the newly located highway is completed time and distance will be largely reduced in the travel between Kingman and Boulder dam.

HUMOR AROUND THE WORLD

Laughter has many roles. It dissipates gloom; it unifies social groups; it derides absurdities; it tests innovators; it punctures pretense and hypocrisy; it is an antidote against fanaticism. Through wit, satire, sarcasm, derisive laughter too often embitters the relations of individuals and of nations. But genial humor may do something to dispel misunderstanding and to emphasize the traits of human nature common to all mankind.—George E. Vincent, educator, author, and lecturer, in the Rotarian Magazine.

Left Fund For Girls Of Nevada

Mrs. Susanna Renshaw became interested in young people, especially girls, with ability and ambition, who are handicapped by a lack of funds to achieve a college education. Upon her death she established at Westminster College a loan fund for Nevada girls. In 1937-38 there is about \$1,000.00 available in this fund. A girl may borrow up to \$200.00 from the fund at 1 per cent interest to be repaid from earnings after completing the college work. Girls or parents who desire more information may secure it from Westminster College, Salt Lake City, Utah, from the Associate President, Robert D. Steele.

Westminster College is a Christian, non-sectarian, Junior college, with a Presbyterian history. Two years of college work and the last two years of high school work are offered in one educational unit called a four-year Junior college. Westminster is accredited by the Northwest Association as a Junior college. Her graduates have completed work successfully in over sixty colleges and universities in America. Mrs. Renshaw believed that Christian education is of primary importance in building in our youth characters of moral integrity. That is why she established this fund at Westminster College. Worthy girls of need and ability may apply for this aid, confident that personal attention will be given each application.

Teachers Will Stop In Vegas

Two hundred teachers under the auspices of the Greater University of Tours, will stop at Las Vegas on their way to the Pacific Coast.

The first installment of approximately 100 will reach here Sunday evening, July 18 and the second 100 will come Monday evening.

Secretary Oliver Goerman of the Chamber of Commerce has made arrangements whereby the parties will be accommodated at Lorenzi Lake Resort.

C. V. Ress, manager of the Western Tours, states that space will be needed for tents and the cafeteria, etc., as the parties camp enroute.

For 32 years Mrs. Minnie Jarchow of Chicago has had as a house pet a turtle named Mutzy.

LAS VEGAS WEATHER

Following are the maximum and minimum temperatures as registered by the thermometers of the U. S. Cooperative Weather Station in Las Vegas:

	Max.	Min.
July 9	99	72
July 10	98	68
July 11	98	66
July 12	95	66
July 13	102	63
July 14	104	66
July 15	104	62

A trace of rain fell in Las Vegas Saturday and Sunday and there were copious showers in the Deer Creek and Charleston Park regions.

C. P. SQUIRES,
Cooperative Observer.

A pair of robins built their nest on an electric sign bell of a railway in western New York and raised their young to maturity although the bell rang constantly.
