The bride, who has been employed for several years in the J. C. Penney store, has hundreds of friends who wish her every happiness.

JUNIOR CHAMBER CONVENTION DATE SET FOR APRIL 8 AND 9

Word has been received by President Frank McNamee, Jr., of the Junior Chamber of Commerce, that the dates for the big event to be held in Las Vegas will be April 8 and 9, 1938.

Bob Ritter, chairman of the committee on arrangements, and Jas. H. Down, his assistant, have already plans under way to care for the thousand delegates expected here.

The following "calamity recipe" is going the rounds: "One stewed prune, one pickled peach, one date. See that prune and peach are well saturated with brandy or gin, then place in seat of one high-powered coupe and leave on road about 30 minutes. Garnish with bits of broken glass and serve cold on a stretcher. Also is extremely attractive with flowers in light-colored box with silver trimmings."

Rev. Charles H. Tyam of Pittsburgh was tried by a church court for attending and betting on cock fights.

By fixing an alarm gun which was fired by the opening of the door in his barn, George Holtzman of Des-planes, Ill., caught two corn thieves.

SHOWING ACTORS HOW TO ACT

THIS IS THE WAY IT'S DONE. This shot taken on the Goldwyn lot in Hollywood, shows how the great lovers of Hollywood get that way. Director Archie Mayo is showing Gary Cooper and Sigrid Gurie, how a love scene in "The Adventures of Marco Polo" should be done. Mayo claims that Cooper's love-making is too modern and at the same time, too occidental. As an authority on matters amatory, the director demonstrates the Oriental way of making love.

WHEN 111,000 AMERICANS DIED

A generation has passed since the sinking of the Titanic, yet that great disaster is still well remembered. Fifteen hundred persons died.

The Johnstown flood will never be forgotten — the world was aghast when the death total of 2,209 was tabulated.

The World War was the most sanguinary conflict in history. In it 50,000 Americans lost their lives, and they are still mourned.

The recent Texas school explosion, which killed 294 children, brought universal sympathy and horror.

Yet last year 121,000 Americans met accidental death — more than twice as many as were killed in the great war — and it caused hardly a ripple in the flow of news. We read of some of those accidents in our papers—"John Jones, aged 45, died in emergency hospital after being struck by an automobile"—turned the page, and forgot them. This astonishing callousness — this attitude of "Accidents always happen to the other fellow, not to me or mine" — is death's greatest ally.

Among men, heart disease is the only thing which kills more men than accidents. Such plagues as cancer, tuberculosis, pneumonia — plagues which are being fought by all the resources of science — are down the list. Recklessly driven automobiles, burns, falls, drownings, and so on—these are the great killers.

Practically every accident is preventable—and this is especially true of the motor car, greatest of all the great killers. Care, competence, courtesy—these make up the accident prevention triumvirate. It's up to you—to all of us.

Mrs. C. H. Nesbitt of Detroit filed suit for divorce, charging her husband with cruelty because he made her walk home from automobile rides.

I'M SOLD

It always works

Just do what hospitals do, and the doctors insist on. Use a good liquid laxative, and aid Nature to restore clocklike regularity without strain or ill effect.

A liquid can always be taken in gradually reduced doses. Reduced dosage is the real secret of relief from constipation.

Ask a doctor about this. Ask your druggist how very popular Dr. Caldwell's Syrup Pepsin has become. It gives the right kind of help, and right amount of help. Taking a little less each time, gives the bowels a chance to act of their own accord, until they are moving regularly and thoroughly without any help at all.

Dr. Caldwell's Syrup Pepsin contains senna and cascara—both natural laxatives that form no habit. The action is gentle, but sure. It will relieve any sluggishness or bilious condition due to constipation without upset.
