

WHAT THE SECURITY MARKET MEANS TO YOU

To the citizen who owns few or no securities the losses of billions that have recently occurred in the stock market may seem to be of no interest. But that is a short-sighted view, for the action of the security markets affects us all. The values represented by stocks and bonds constitute savings and surplus spending and borrowing power. When values sharply decline, that spending power is partially wiped out. People reduce their purchasing, productive employment lags, the production indexes of all types of industry drop.

This is not an argument for excessively high stock prices—it is possible that part of the decline in values was justified and marked a necessary correction. But it is unquestionably true that the government policy of excessively regulating security exchange operations and forbidding market operations, that in past times tended to take up the slack in thin markets, has proved an artificial depressive force that endangers all security investments and savings, and the welfare and progress of all industry.

The next congress will do the country a great service if it will revise security regulatory laws in the light of actualities, to the end that dishonest manipulators are controlled and at the same time the spirit of the honest investor and security dealer is not broken or hog-tied by unnatural restraints.

All-America Bridge Champions

Jacoby tops the list again, but for the first time it's featured by six women

With the close of the official contract bridge tournaments, the year's rankings have just been announced in Collier's, which every year selects the All-America champs. Jacoby, above center, was No. 1 for the third time running. Around him are grouped the six young ladies who also made the team, setting a record for feminine representation. Several other men also were ranked, but the distaff side was the feature. Those pictured are, top row (l. to r.) Mrs. R. B. Fuller, New York; Miss Barbara Collyer, New York; Mrs. J. A. Faulkner, Belleville, Ont.; bottom row (l. to r.) Miss Allyn Paris, Chicago; Mrs. Ralph C. Young, Philadelphia and Mrs. W. M. Anderson, Toronto.

Opera Star Will Sing in Vegas

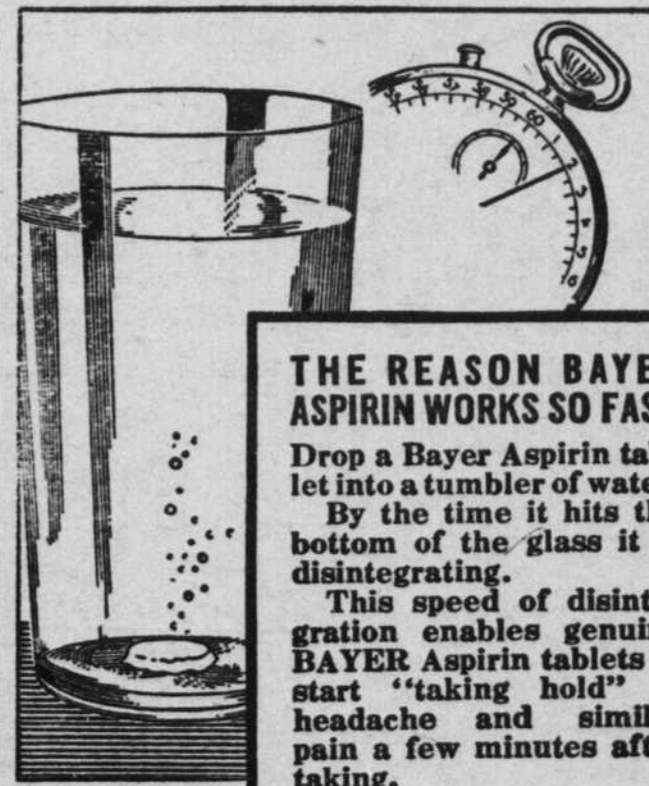

The Metropolitan Opera "find" is to sing here in the War Memorial building next Friday evening at 7:30 p. m. The Cooperative Concert Association of Southern Nevada brings this treat of the season.

Helen Olheim is traveling on a tour of the United States under the direction of the Columbia Artists Bureau. The concert starts early in order that Miss Olheim may take the evening plane to her next engagement.

Individual admissions may be had for out of town guests through the Chamber of Commerce office during the preceding week. All members of the association should hear this first concert which will be a gala affair for our vicinity.

"Miss Olheim has the gift of unveiling song as a vivid word picture," is a quotation from the Buffalo Evening News.

HEADACHE REMEDY STARTS WORKING IN SECONDS

THE REASON BAYER ASPIRIN WORKS SO FAST

Drop a Bayer Aspirin tablet into a tumbler of water. By the time it hits the bottom of the glass it is disintegrating. This speed of disintegration enables genuine BAYER Aspirin tablets to start "taking hold" of headache and similar pain a few minutes after taking.

All people who suffer occasionally from headaches ought to know this way to quick relief.

At the first sign of such pain, take two Bayer Aspirin tablets with a half glass of water. Sometimes if the pain is unusually severe, one more tablet is necessary later, according to directions.

If headaches keep coming back we advise you to see your own physician. He will look for the cause in order to correct it.
