

Briselli Charms Large Audience

The second concert given by the Co-operative Concert Association in War Memorial building Monday evening, presenting Iso Briselli, provided an evening of rare enjoyment. Although young in years, being only 25, he has played with the most distinguished of our musical

conductors. Living for years in Philadelphia, where he was taken by Prof. Carl Flesch when he became head of the violin department of the Curtis Institute of Music, he appeared many times as soloist with the Philadelphia orchestra and has also had the honor to appear in a joint recital with Josef Hofmann. His music was perfect and his manner most pleasing. He was accompanied on the piano by Ralph Berkowitz, who is a musician of great ability. The large audience was a most appreciative one.

Everyday Cooking Miracles

BY VIRGINIA FRANCIS

Director Hotpoint Electric Cookery Institute

When you're nine years old you have to celebrate in some way to show the world you are really "grown-up." And what better way could there be than to bustle around the kitchen making cookies for your own birthday party? If you've ever seen a little girl who has just baked

second batch of cookies dropped on a piece of wax paper, the size of the cookie sheet, so that they will be ready to go into the oven, paper and all, the minute the first batch comes out. The paper is perfectly safe in the electric oven because in electric cookery there is no flame,

With an electric range, little nine-year-olds can make chocolate peppermint cookies for their own birthday parties.

her first batch of perfect cookies you know just how thrilled she can be at mastering one of the arts of cookery. However, when the cause of cookery is championed by the modern electric range it becomes an easy art to master, as Betty, just turned 9 years old, is proving.

Electric Range Well Insulated

There was a time when a mother was perfectly justified in shooing her daughter away from the range, because burns—both from the human and cookie standpoints—might easily have ensued. However the Hotpoint electric range is insulated from top to toe, which accounts for that "cool-as-cucumber-cookery" you enjoy during the summer, and modern temperature control makes baking almost foolproof.

The next time young daughter wants to celebrate her "growing-upness" set her to work on this Chocolate Peppermint Cookie Recipe. She—as well as you—might be interested in trying the little hint Betty has discovered, of having the

and there's no danger of the cookies "baking" on the insulated table top of the range while awaiting their turn for the oven.

Chocolate Peppermint Cookies (Makes 4 dozen cookies)

- 1/2 cup shortening
- 1 cup sugar
- 1 egg (beaten)
- 1 square chocolate (melted)
- 1 1/2 cups flour
- 1 tsp. baking powder
- 1/2 tsp. salt
- 1/2 cup milk
- 1/4 tsp. peppermint extract

1. Cream shortening, add sugar slowly and beat well. 2. Add egg and melted chocolate. 3. Mix and sift dry ingredients and add alternately with milk to the creamed mixture. Add flavoring. 4. Drop by teaspoonfuls on a greased cookie sheet. 5. Bake in preheated or cold Hotpoint oven. Temperature: 400°. Time: Approximately 12 minutes.

(P. S. Although this recipe was developed especially for your daughter, there is no rule or regulation that forbids you trying it, too. You'll like it, I know.)

CHURCHES

CHRISTIAN SCIENCE SOCIETY

316 South Fourth street, across from grammar school, is a branch of The Mother Church, The First Church of Christ, Scientist, Boston, Massachusetts. Meets every Sunday at 11 a. m. Sunday school at 9:30 a. m. and Wednesday evening at 8:00

Christian Science reading room, 112 North Third street, open week days, except holidays, from 1:15 p. m. until 4 p. m. Evenings, except Wednesdays, from 7 until 9 o'clock.

"God the Preserver of Man," will be the subject of the Lesson-Sermon in all churches of Christ, Scientist,

Sunday, December 12, 1937. The Golden Text is from II Timothy 4:18, "The Lord shall deliver me from every evil work, and will preserve me unto his heavenly kingdom; to whom be glory forever and ever."

The Lesson-Sermon includes the Bible passage, "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty." (Ps. 91: 1).

Also the correlative from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, "The divine mind that made man maintains His own image and likeness." (p. 151.)
