

4-H Clubs Will Camp In August

A new campground will welcome Nevada's 4-H Club boys and girls to their annual educational outing at Lake Tahoe this summer.

"Skyland," one of the finest mountain camps for youngsters in the west, has been obtained for the occasion, Thomas Buckman, assistant director for agriculture of the University of Nevada Agricultural Extension Service, announced this week.

With better facilities available than for any other 4-H Club camp in the State's history, an educational outing of the very highest quality is in sight for this year, Buckman said.

Situated on a point extending into the lake near Zephyr Cove, "Skyland's" buildings are grouped about playfields, in the granite rocks, or in the groves of pine and fir trees.

Facing a large playground is the main building, consisting of a combined assembly room and dining hall with huge fireplace, and the kitchen. Two separate groups of

cabins, which will serve as the youngster's homes for the week, are scattered along the lake shore among the trees.

A baseball and general athletic field, a tennis court, a handball court, several sandy beaches, and other recreational facilities are available at "Skyland."

The camp is shut off from the highway and other lake resorts by heavy woods.

Beginning on August 1, the camp will last throughout the week.

This year's encampment will be the fifteenth to have been held since Four-Aitch Club work was established in Nevada.

As is all 4-H Club work, the camp is in charge of the Agricultural Extension Service of the University of Nevada.

Several hundred youngsters from all parts of the state attend the annual encampments.

High praise for the site of the 1939 Golden Gate International Exposition on Treasure Island, and for the municipal airport, which will succeed the World's Fair there, was voiced by Cliff Henderson, noted flier and director of the National Air Races.

LAS VEGAS WEATHER

Following are the maximum and minimum temperatures as registered by the thermometers of the U. S. Cooperative weather station in Las Vegas for the dates shown:

	Max.	Min.

Harry Hopkins assures the WPA workers that they can vote for the candidates of any political party they choose. But wait until the boys hear from the Democratic county chairmen and precinct committeemen!

The 400-foot Tower of the Sun on Treasure Island will ring with the celestial music of 44 great carillon bells during the 1939 Golden Gate International Exposition.

Ford Day at the 1939 Western World's Fair on San Francisco Bay has been set for May 6.

Railroad Loops To Cross Itself

Have you ever seen the "loop" of the railroad on Tehachapi Pass highway where the track swings in a giant circle to cross over itself?

This unique sight is at Walong about midway between Bakersfield and Mojave, on the Santa Fe and Southern Pacific line, says the touring bureau of the Automobile Club of Southern California, which also suggests that this is a good time of year for the trip.

The 155-ton medical instrument, an atom-smashing machine now being built at the University of California, will be shown to the public for the first time at the 1939 Golden Gate International Exposition.

Japanese youth groups will participate in the 1939 Golden Gate International Exposition festivities, and Japanese floats will be entered in all Exposition parades and processions.
