Miss Helen Stanbury, gifted travel expert and speaker for United Air Lines, has flown more than 100,000 miles to tell potential air travelers of the attractions to be found at the 1939 Golden Gate International Exposition.

ISOLATION

Let us hear no more of the nonsense about the duty of the United States to form a united front with the "democracies of the Old World" to combat fascism and communism. There is no such common ground for action.

It is a figment of the imagination; the pet child of the propagandist; the Charlie McCarthy of European politicians who would like to see this country pull their chestnuts out of the fire.

It would be a good thing if they were told in no uncertain and final terms that America will stay on this side of the Atlantic—let them cut their own throats if they will.

SLATED FOR WELDERS

Representatives of the Fine Arts Committee of the 1939 Golden Gate International Exposition will travel 200,000 miles to arrange for loans of old masters, ancient art of Pacific Basin countries, and contemporary paintings.

Many holidays, such as Armistice and Admission Days, Thanksgiving and the Fourth of July will be commemorated with ceremonies on Treasure Island during the 1939 Golden Gate International Exposition.
