POLITICS

We lately commented on the fact that Lieutenant Governor Fred S. Alward was one of the strongest men politically in the state. This statement has brought forth a lot of arguments. We still stand pat that Alward is way up at the top of the list of state officers. Votes are the little things that count on election day — not our personal opinions.

The vote last election:

ALWARD	26,426
Scrugham	25,575
Kirman	23,088
Franks	23,232
Schmidt	21,351

Elmer Bowman of Logandale will oppose Kenneth Earl, present chairman of the board of County Commissioners. Bowman is an old resident of the Valley and has a host of friends that will work for his election. Kenneth Earl will be a hard man for anyone to beat. He will receive the most of his support from the southern part of the county. In the northern part Earl will be defeated by Bowman — but the votes come from the south.

Earl Davidson is sure to become a candidate to succeed himself as a member of the board of county commissioners. The question that seems to be vital among the present members is — who will be the next chairman of the board. Seems to be a case "if you scratch my back for chairman I'll work for your reelection." But the sad part is that there can only be one chairman of the board.

County Assessor Frank DeVinney plays the role of farmer — assessor these days. Frank is busy from daylight to eight o'clock every morning watering the stock and bringing in the produce from the ranch to the markets. Frank hasn't much time to talk politics — but he still definitely has his eagle eye on the \$10,000.00 a year Justice of the Peace job.

Dave Mackey says "that I haven't had much time to think about running for sheriff. I have been asked to make the race but don't know what I will do yet. My bet is that Dave will NOT run for sheriff."

Tom Carroll, one of the old timers that can be depended upon, WILL run either for the Assembly or the Senate. Tom, who is a former assemblyman from Clark County, has more credible legislation to his credit than any other county representative we know of.

Berkley Bunker has said nothing to date. When Berkley does say something the politicians had better take notice. You know that when he ran for the assembly two years ago he received MORE VOTES THAN ROOSEVELT. That should be convincing.

LIME CASING REMOVED FROM MAN'S HEART

Melbourne, Australia — A lime casing has just been successfully removed from the heart of a Melbourne man. The case is among the rarest in medical history and only the most capable surgeon can perform the operation. The patient is progressing satisfactorily.

HOME RANCH OWNER STOPS IN LAS VEGAS

F. V. Phillips, of Los Angeles, owner of the old Home Ranch in the upper Moapa Valley, stopped over in Las Vegas yesterday on his way to the ranch.

Mr. Phillips is also general manager of the Keystone mine near Kingman, Arizona, on which he is carrying out an important program of development, including a connecting tunnel at the 1200 foot level approximately a quarter of a mile long.
