

## Board of Relief Receives Food

The State Board of Relief announced that a carload of oranges received from the Federal Surplus Commodities Corporation, for distribution to needy families throughout the state during July.

Notice has also been received that two carloads of wheat cereal, five carloads of flour, an additional carload of rice, and one carload of raisins are on the way and will be available for distribution during July, in addition to the rice, lima beans, dried peas, dried skim milk and grapefruit already on hand.

One carload of canned grapefruit juice was received during the latter part of June, but, since it is the policy of the Federal Surplus Commodities Corporation to not give out canned juices and fresh fruit during the same month, the grapefruit juice will be held until the present supply of fresh oranges and grapefruit is exhausted.

During the month of June, Surplus Commodities were given to over 2,200 families representing about 7,500 persons or about six per cent of the state population, in the following amounts:

Rice 6,733 lbs., Lima Beans 5,730 lbs., Dried Peas 4,094 lbs., Prunes 5,151 lbs., Grapefruit 40,000 lbs., Dry Milk 9,861 lbs.

The value of commodities distributed was approximately \$4,700.00

Surplus Commodities are purchased by the Federal Surplus Commodities Corporation as a part of the program of the Agricultural Adjustment Administration to relieve market conditions of farm surpluses and strengthen prices to producers.
