A Record of Public Service to the State of Nevada

* As Chairman of the Public Service Commission — effected \$200,000.00 power cost savings to Western Nevada utility consumers, through adoption of the Roosevelt TVA rate-making policy.

* As Clark County district attorney — fought the federal government's Boulder reservation tax exemption claims through the courts to collect \$400,000.00 in back taxes for the state and county treasuries, which action ultimately resulted in \$750,000.00 in tax revenue to the state and county.

* As Governor Kirman's "right-hand man" — *Knows* the state's financial problems, *Is Equipped* to continue the Kirman sound policies, *Will Resist* any attempts to levy "nuisance taxes."

* As a Democrat, active in Nevada Democratic party affairs for 29 years, will *co-operate* with the Roosevelt Administration, is *Not in Disfavor* with the Roosevelt Administration.

* As a progressive — was the *First Candidate* in the '34 primary to advocate Old Age Pensions, the Train Limit Bill, Unemployment Insurance.

(Gov. Kirman presented Mr. Harmon with the first of the three pens with which he signed the Train Limit Bill, in token of Mr. Harmon's efforts in behalf of the bill.)

FOR PROGRESSIVE AND BUSINESSLIKE ADMINISTRATION
No other candidate for governor can offer such a record. We believe Nevada needs Harmon to continue the policies of Gov. Kirman and to insure complete co-operation with President Roosevelt's Administration.
