TURNESA NEW U. S. AMATEUR GOLF CHAMPION—William Turnesa, winner of the U. S. Amateur Golf Championship at Oakmont, Pa., shows the trophy to Miss Mae O'Connor at the Briar Hills Country Club.

Taxpayer's To Hold Meeting

The newly organized Taxpayer's League, headed by Leo A. McNamee, has announced that the organization will hold its next meeting on Thursday evening of next week. The meeting place will be announced in the local press the first of the coming week.

The problems of the taxpayers will be discussed at this meeting and steps taken to study the raise in city licenses.

The new organization is discussing the possibility of a recall for the mayor and members of the city commission, disincorporation of the city or the city manager form of government.

The business men of the city as a whole seem to be adverse at this time to the expense of a recall, due to the fact that the city election will be held next May. However, some good undoubtedly will come from the meeting in cooperation with the city commission.

Jim Buter Makes Leases

Credited with substantially aiding the production record of Tonopah, the Jim Butler Mining company's property will be thrown open to leasing operations, Horace Johnson, superintendent and general manager of the Tonopah Mining company announced recently. The Tonopah Mining company recently acquired the controlling interest of the Jim Butler holdings and have completed arrangements for the granting of lease blocs.

The Jim Butler claims adjoin those owned by the Tonopah Mining company on the south. Entrance to the property, according to Johnson can be made through several levels on the Tonopah Mining property and ore is to be hoisted through either the Mizpah or Silver Top shafts.

Air, water and other mining conveniences will be furnished through the Mizpah shaft. According to Johnson the current Tonopah royalty rates will apply on the granting of the leases in the Jim Butler

Applications for prospecting permits and lease blocs will be granted through the office of the Tonopah Mining company and according to Johnson, plans have been completed for the directing of prospective leasers and prospectors to the property held by the Jim Butler.

The Jim Butler was one of the first organized companies in the Tonopah district and work was pushed on the property for several years. The production record from the mine compares favorably with engineers who have reported on the mine indicated that several bodies mine indicated that several bodies of good ore still remain in the property.

Dr. Ray Lyman Wilbur, president of Stanford University, is chairman of the Committee of the Pacific Area in charge of weekly conferences in Pacific House at the 1939 World's Fair of the West on science, medicine, art trade, archaeology, education and dozens of other subjects.
