

Goodsprings' Newsy Doings

By BETTY FREDRICKSON

POLITICAL

An old time Democratic rally was held in the school house last Friday evening. Senator Pot Mc Carran was the main speaker followed by Dan Franks and candidates on the county ticket. Ed Clark spoke briefly and his reminiscences delighted the old timers. After dancing to music furnished by a Las Vegas orchestra, a supper was served by the Democratic Women's Study Club. There was a turnout of almost two hundred, making Goodsprings realize the necessity of a larger community hall.

On Friday night a box supper will be held at the school house to aid in raising funds to place a fence around the cemetery. There will be music from Las Vegas and a magician to entertain the children. The Republican candidates will be the guests of honor.

MINING

A letter has been received from Mr. Lincoln, general traffic agent for the Union Pacific, assuring ore shippers of a \$9.50 freight rate to eastern points or to the Ozark Smelter.

The Yellow Pine peasers are continuing on a steady shipment of good grade mixed ore.

The Fredrickson Hammons Seybert lease on the Milford No. 2 is now ready to ship a car of high grade lead to the smelter at Midvale and a car of mixed ore to the smelter at Coffeyville, Kansas. A new road has been built from the Shenandoah Mill to the ore bin at the bottom of the tramway at the mine.

The new grade over Wilson Pass is almost completed making a fine road to the Chiquita, Barefoot and other gold properties.

VISITORS

Mr. and Mrs. Albert Conselman of Colorado Springs visited our friends in camp, en route to Los Angeles to attend the mining congress now in session. Sixteen years ago Mr. Conselman had charge of the Dripping Springs Mine on Clark Mountain. He is now operating at Cripple Creek.

Mrs. Ralph Crawford of Denver, daughter of the late Judge Springer has been in town renewing old acquaintances. She was accompanied by her brother, P. H. Springer, Jr., of Las Vegas.

Mr. and Mrs. T. Wager of San Bernardino were in town to settle the estate of their son, Ted, who died here in September.

Mrs. Maud Andrews of Los Angeles, a resident here thirty years ago called on old friends this week. She is the mother of Billy Ellis, foreman at Sloan.

TASKER L. ODDIE'S STAND ON THE WAGES AND HOURS LAW AND THE PROBLEMS AFFECTING THE MINING INDUSTRY AND ITS WORKERS.

Senator Oddie, is the man who created the *High Wage* scale in Tonopah when that camp was organized.

Goldfield and other camps in the state followed his lead in this matter.

He has always insisted on and paid the *Highest Wages* in the camps in which he has operated and has insisted on a maximum of eight hours work per day.

Senator Oddie's knowledge of this matter comes from long years of practical experience, in which he has employed *thousands of men at high wages* and at a maximum of eight hours per day. The men who have worked for him will so testify.

SENATOR ODDIE'S PLATFORM AFFECTING WAGES AND HOURS

1. Senator Oddie will if elected work to have the WAGES and HOURS Law amended so that Nevada miners can work as many hours per week as they wish, "Provided they do not work more than eight hours per day."

2. He will work for conditions that will make it impossible to cut yearly total income of miners against their will, as the present law may do in many cases in the state.

3. He opposes these possible cuts, because the miners' families may be compelled to forego the purchasing of certain necessities of life.

Senator Oddie's opponent voted for this bill and is attacking his efforts to improve the conditions of men in Nevada by subtle inuendo.

Senator Oddie has a vastly greater knowledge of mining and the problems affecting the industry and its workers from years of practical experience, than has his political opponent, as is evidenced by his opponent's stand on this bill.

SENATOR ODDIE IS IN FAVOR OF SHORTER HOURS PROVIDED WAGES ARE NOT CUT.
