FIRST CHURCH OF CHRIST SCIENTIST

At 316 South Fourth street, across from grammar school, is a branch of The Mother Church, The First Church of Christ, Scientist, Boston, Mass. Meets every Sunday at 11 a. m., and Wednesday at 8. Sunday school at 9:30.

Christian Science reading room, 112 North Third street, open week days except holidays, from 1:15 p. m. until 4:15 p. m.; evenings except Wednesdays from 7 until 9 o'clock. "Christian Science" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, December 25, 1938.

The Golden Text is from Isaiah 9:2, "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined."

The Lesson-Sermon includes the Bible passage, "But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you" (John 14:26).

Also the correlative from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, "Christian Science is unerring and Divine; the human sense of things errs because it is human" (p. 99).

TWO LIVES

Every great man deserves an autobiography and a biography—one to tell his side of the story and one to give the lowdown.

LITTLE MOMENTS IN BIG LIVES

GODFREY LUDLOW, AUSTRALIAN VIOLINIST, ONE OF THE PIONEERS OF THE AIR, MADE HIS FIRST VIOLIN OUT OF AN OLD CIGAR BOX WHEN HE WAS SIX YEARS OLD.

Lions Provide Children Milk

The Lions club will carry out a most worthwhile undertaking during the holidays. Sixty-five undernourished children in thirty-six families will be furnished milk during vacation through the agency of the club Christmas chairman, R. C. Pierson.

Mesquite Club Christmas Party

The Mesquite club members enjoyed their annual Christmas party at the clubhouse Friday afternoon, under the direction of Mrs. C. S. Wengert, hospitality chairman, assisted by Mrs. James Cashman and Mrs. Jack Hemphill.

The decorations were beautiful and distinctive. A large silvered Christmas tree with red tapers stood in the front of the room. White tapers in red holders were scattered throughout the room.

Tea and coffee were served from a beautifully appointed table by Mesdames Wengert and Cashman, assisted by Mesdames Jack Hemphill, Charles Dimock, and Frank Gusewelle.

During the afternoon a delightful program was presented. Roscoe and Henry Hampton sang several numbers, including several of the best-loved Christmas carols, accompanied by Mrs. Fred Wilson; Mrs. Florence Wallace read Henry Van Dyke's "Story of the Other Wise Man," accompanied at the piano by Mrs. Frances Reddick. Several readings were given by members of Miss Catherine Slavin's dramatics class.

Seattle Invites Hospital Heads

SEATTLE, December 19 (Special) — Administrators of 1,350 hospitals located in Las Vegas and every other community in the 10 western states, British Columbia, Alaska and Hawaii, have been invited to Seattle February 19 to 23 to study and discuss the colossal problem of health care.

With the nation agog over health and hospital insurance, socialized and subsidized medicine and hospitalization, with the next congress preparing to act upon a national health program affecting every citizen and his family, the Seattle meeting promises to be of unusual and timely interest.

The meeting is the thirteenth annual convention of the Association of Western Hospitals, allied with which the Western conference, Cath-

olic Hospital association, the Washington, Oregon and California state hospital associations, and the American College of Hospital Administrators will be in session.

"The Part of the Hospital in This Growing Program of Health Care," the convention theme, will be approached from every angle of consideration, and many eminent hospital authorities and medical doctors will discuss its phases.

At the same time, taking advantage of the assemblage of hospital and medical men from this wide area, most leading makers and distributors of hospital and clinical apparatus and equipment for treating disease, maladjustments and fractures, will display exhibits in a miniature hospital world's fair.

Scene: Newspaper office.

Reporter rushes in.

"I've got the perfect story," he cried.

"A man bit a dog, I presume," hissed the city editor.

"Naw. A bull threw a congressman!" yelled the reporter.
