

**Masks for Surgeons**  
Masks for surgeons, as well as for workers in dusty atmospheres, are made of paper with a vegetable fiber that is insoluble in live steam, boiling water, or common solvents. When soiled, they can be washed or discarded.

**Chile's Iodine**  
Chile is the largest producer of iodine, contributing about 90 per cent of the total world production, the bureau of mines reports.

**Storing Linoleum**  
When storing linoleum, keep it away from heat and moisture.

**Skin Cream for Workers**  
A Brooklyn firm has come up with a skin cream which it claims will protect the hands and arms of workers. According to the company, the lotion acts as an "invisible glove" against the effects of grease, paint, dust, printer's ink, furniture and metal polish, etc. According to the company, it is non-sticky and non-staining and washes off in soap and water.

**Average Home Fuel Consumption**  
An average home burns enough fuel oil in a year to drive a destroyer 50 miles.

VOICE FROM DOWNSTAIRS INFORMS YOU THAT HE ISN'T GOING TO SPEAK AGAIN BUT SUPPER WILL BE READY IN EXACTLY ONE MINUTE AND HE WANTS YOU DOWN ON TIME WITH YOUR HANDS CLEAN AND YOUR ROOM PICKED UP

**BLANKETS** are worth their weight in uniforms, so let's protect them from unnecessary wear and from extra cleanings by covering the upper edges. A strip of muslin would do but why not use a pretty material? They will cost no more when made of attractive material, and a set of match-

ing pillow cases may be made to go with each blanket protector.

Try to find a flower print with pastel tones and then bind the protector in bias tape that will repeat one of the flower tones. For blankets 72 inches wide, two yards of 36-inch material will make two protectors or one, plus trimming bands for a pair of pillow cases and a sheet. Five yards of bias tape will be needed to bind the edges of each protector. The sketch shows how material is basted in place with slip-stitching through the bindings. In this way they are easily removed for washing.

**NOTE**—Today's gift suggestion is from Mrs. Spears' BOOK 8 which also contains directions for more than 30 other gifts and things to make for the home. Readers may get a copy of BOOK 8 by sending their order to:

**Wasted Water**

Every 24 hours, a leaking water faucet with an opening the size of a pin will waste 170 gallons, one the size of a pinhead 970 gallons, and one the size of a wooden match, 3,600 gallons, says Collier's. Incidentally, about one hundred million gallons of water, or 10 per cent of the quantity piped into New York city daily, are wasted chiefly in this way.

When colds start—spread cooling Mentholatum inside nostrils. Instantly it releases vapor "Mentholations" that start a vital reaction:

**MENTHOLATUM**

1) They thin out thick mucus; 2) Soothe irritated membranes; 3) Help reduce swollen passages; 4) Stimulate nasal blood supply. Every breath brings quick relief! Jars 30c.

**SNAPPY FACTS ABOUT RUBBER**

Rubber is used on planes for lining gas tanks and fuel lines, for de-icing instruments, for insulating cabins with weatherstripping, for lining flying suits to make them moisture-proof and for dozens of other purposes.

Proper inflation means maximum miles. A tire under-inflated 20 per cent (24 instead of 30 pounds) will reduce its life by 15 per cent and 28 per cent of the mileage will be lost in a tire that is 30 per cent under-inflated.

The Bureau of Commerce anticipated that 53,000 long tons of rubber would be imported by the U. S. in the last 18 months starting July 1st last.

No more auto chases in movies for the duration. No more turns at high speed on squealing tires and no more new cars. Possible audience reaction to the waste of rubber—and speeding—brought the taboo.

## WINTER DOUBLES DRIVING ACCIDENTS

Save wasted man-hours-with WEEDS

With sons in the service, with experienced men from stores and banks and shops gone to work in war plants and shipyards, we cannot afford to waste any "man-hours" through skidding accidents.

Save every precious hour. Save wasted time and expense. Avoid accidents and delays in your winter driving of car or truck. Get your Weed Chains out now and have them re-conditioned if necessary.

Need new chains? Ask for Weed American Bar-Reinforced—they give double mileage. If they're not in stock ask for Weed Regular. And look for the name Weed on every hook.
