THE WHITE SIDE OR THE RIGHT SIDE . . .

By WILLIE BRYANT

Which is the Right Side, that's a question - allow me to answer it like this - if there were only the White Side there would be no Right Side, because, many Whites feel their side is the right side - Negroes feel their side is the right side. So, we have two sides, saying our side is right. There can never be two right sides when each one thinks differently. God said, "He who thinks right will walk the right way." He didn't say walk the white way or the colored way - He said, "Think right my children and all will be well." What's happening today in our Nation proves that men are not thinking as our Lord thinks. Can you picture God in Heaven watching his children here on Earth being dragged away from Restaurants and thrown into Patrol Wagons and being happy? No, you can't, because God has room in his heart for all and God's heart is a big heart. Everything on this Earth will fit inside of that great heart - can we doubt that God's own children are making him suffer many heartaches - and why? Because selfish men do not think right. Until all men start to act, and think right, and remember that all are Created Equal and deserve the same chance, regardless of color or creed, we will always have that question, which is the Right Side, the White Side or the Right Side?

YOUNG GIRLS AT PLAY—Playing tether ball at Madison School ground are left to right: Betty Backles, daughter of Mr. & Mrs. John Backles, 1004 Washington and Ruth Moore, daughter of Mr. & Mrs. Raymond Moore, 905 Adams.

A Letter From The Girl Scouts

Dear Friends;

Did you ever try to start a club? Well, we did. We have a very special club. A Brownie troop and a Girl Scout troop; however, we have a problem. Eighty of our friends can't join us because we don't have enough adult leaders. Will you please help us? We need one adult for every twelve girls. We would be delighted to have you join our family. In our family we do a lot of special things - such as camping, hiking, cooking out-of-doors, singing, dancing, and most of all we would like to learn all of the many different things that you as our leader could teach us. Please think this over and try and find an hour and a half to donate to us once each week. Thank you, the Brownies and Girl Scouts of your neighborhood. For further information call Mrs. Shirley McDaniel, West Neighborhood Chairman at the Jefferson Center, 385-1221 ext. 247 or 385-1225 or the Frontier Girl Scout Council 385-3677.
