## Julia Hamlet Wins Honor For Service

REPRINT  
RENO GAZETTE

Mrs. Julia Hamlet of Reno, president of the Nevada Hospital Auxiliary, has been nominated for the Land Bryant Award which recognized volunteer workers who devote themselves to solution of social problems.

Mrs. Hamlet was nominated by Dr. Howell R. Hughes, state hospital superintendent.

The winner is selected each year by the Columbia University Bureau of Applied Social Research, and the award is presented in November.

Dr. Hughes cited a number of other activities of Mrs. Hamlet. She has been secretary to the Governor's Committee for State Institutions and president of the Nevada League of Woman Voters and has been active in a number of other civic groups.

## VISITING IN RENO . . .

Mr. Charles Davis of Kansas City, Missouri is visiting his sister, Mrs. Esterline Nelson and family, of Sun Valley, Nevada.

Miss Jeanne Cayette of Paris, France was a guest of Mrs. Esterline Nelson over the weekend. Miss Cayette is making a three month tour of the United States, Canada and Mexico. Mrs. Nelson is a avid stamp collector, and collector of dolls from foreign lands, and was presented a doll made in France by Miss Cayette.

## You And Your Child

### SAFETY INSIDE THE HOME

Most important safety rule in your home is to keep matches out of the reach of small children. Caution your toddler that the stove is hot—it "burns"—and he shouldn't play near it.

The careless child can cause accidents in the home, too. A skate left in the hallway . . . a train on the stair step . . . and someone may take a dangerous tumble. Teach your child always to put his toys away.

Don't let your children's diet be a hit or miss affair either. Be sure they get necessary vitamins. New multivitamin tablets, such as Viterra Test-tabs, are chewable and aid in the maintenance of better health. Children love them.

### PIP-OF-A-DIP FOR A PARTY!

What a stir you'll create with one stir of your spoon and four ingredients at your next party! Here's Pip-of-a-Dip — it's easy, luscious, and it serves lots of people.

**PIP-OF-A-DIP**  
2 cans (5½ or 7 ozs. each) tuna in vegetable oil  
1 can (4½ ozs.) chopped ripe olives  
1 pint commercial sour cream  
½ teaspoon Tabasco  
Combine all ingredients. Serve with crackers.  
YIELD: About 3 cups dip.

### BIG DIPPER

A Mississippi River steamboat had stopped because of a dense fog. An impatient passenger asked the reason. "Can't see up the river," said the captain. "But I can see stars overhead," replied the passenger. "Yes," agreed the captain, "but unless the boilers burst we're not going that way."

# THANK YOU

Thank you . . . for bringing us so much more banking business last year that our deposits jumped by \$22,300,000, to a total of \$357,400,000. The trend to FNB was evident.
