BALLOTS and DOLLARS
From Page 2

We cannot gain anything by force nor by violence. It has never been, nor will it ever be, our plan to use the strength of our unity in any physical struggle. How then do we put our power of unity to best advantage? WE PUT IT IN THE BALLOT BOXES -- WE USE OUR UNIFIED VOTE TO PUT THE KIND OF PEOPLE IN PUBLIC OFFICE WHO WILL HAVE THE COURAGE TO SPEAK FOR REAL WORKING DEMOCRACY. UNITED, IN OUR VOTE, WE HAVE VICTORY IN HAND. DIVIDED, WE FAIL OURSELVES, OUR CHILDREN, AND OUR DESTINY. We can not only improve our own lot, but the community, the state, the nation and the world, if we stick together. Let us not fall ourselves -- let us not shirk our destiny and duty. Let us do our part for mankind all over the world. We cannot fail our destiny if we combine our vote, and spend our money wisely. Money is strength. It is the only power which all men, everywhere on this earth, respect. We must put our money power together, and by planned, selective use of our money, added to unified balloting, we will gain respect and win total victory for ourselves.

OUR BALLOTS AND OUR DOLLARS WILL WIN THE BATTLE AS WE SALVAGE DEMOCRACY. WE MUST USE THESE IMPLEMENTS WISELY.
