IT'S A FACT . . .
Chad, an independent African nation nearly twice the size of Texas, has only one daily newspaper with a total circulation of 100 copies. Zanzibar, however, with an area of only 640 square miles, has four dailies with a circulation of 3,500. Nigeria, Africa's most populous nation (46,000,000), has 20 dailies with a combined circulation of \$ 375,000.

DID YOU KNOW THAT . . . Haile Selassie, present Emperor of Ethiopia, is a direct descendent of Menelik, son of King Solomon and the Queen of Sheba?

DID YOU KNOW THAT . . . Alexander the Great had a Negro general named Clitus?

IT'S A FACT . . .
Africa's share of U. S. military aid amounts to only two per cent of our total foreign military aid program. From 1950 through 1963, the U. S. distributed \$138,238,000 in military grants to African nations. Ethiopia, site of a key U. S. communication station, received more than half of that amount--\$73,799,000.

DID YOU KNOW THAT . . . Alexander Dumas, the famous French author, was the son of a Negro general who served Napoleon Bonaparte as a cavalry commander?
