

"As your Congressman, I would like to implement the Federal Manpower Development and Training Act with OCCUPATIONAL EDUCATION . . . geared to the needs of those seeking new skills and make it a highly important and respected part of general education. In Congress, I will urge the forming of a bipartisan national research and planning committee for immediate action on this vital arm of the JOB TRAINING PROGRAM."
"I seek your support on Election Day, November 3."

--George Von Tobel
Candidate for House
of Representatives
