FALCON Gas Grill

With this Falcon gas grill you are one minute away from delicious "charcoal flavor" barbecuing. No messy coals or drippy starter fluid to fool with. No waiting. No clean up. Since charcoal adds no flavor, but is merely a source of heat, the secret of Falcon's charcoal flavor is the combination of intense, even gas heat and permanent self-cleaning ceramic coals. Meat fat and juices drip on the hot coals and rise as smoke to penetrate the meat or whatever else is cooking on the grill. Result is real, true, charcoal flavor! Weather-proof, rustproof cast aluminum unit. Portable cart model available for only \$3.89 per month.
