

# GRANT STEWART VOWS WEST LAS VEGAS BUSINESS CLEAN-UP!

## GRANT STEWART CITY COMMISSION A MAN OF DECISION

(Paid Political Advertisement by Committee to Elect Grant Stewart)

WHY ARE CERTAIN WEST LAS VEGAS BUSINESS MEN ALLOWED TO OPERATE SUBSTANDARD GAMING ESTABLISHMENTS?

COULD IT BE THAT THEIR WELL KNOWN POLITICAL DONATIONS HAVE BOUGHT THEM IMMUNITY FROM THE LAW?

Certain gaming establishments presently operating in the heart of downtown West Las Vegas are little more than pest holes: The substandard health conditions make them a breeding place for disease. THERE IS NO EXCUSE FOR FILTH. A little soap and water has never been considered a major business expense. It would appear from the condition of these establishments that little, if any, of the money that is taken across the bars and gaming tables of these businesses ever RETURNS TO the economy of the community in the form of civic improvement.

FOR THE MOST PART THESE BUSINESSES ARE NOT OPERATED BY NEGROES!
