

We've Been WONDERING...

WHY...anyone would be so nasty as to start the rumor that Cecil Johnson, new vice president and general manager of a local restaurant-bar, became so flustered when Gov. Sawyer dropped in the joint on his unannounced tour of Westside spots last week, that Cece blurted out, "Good evening, Your Highness."?

??????

WHY...a certain bartender, when asked "how come?" he serves five fingers and a thumb (his own) draped around the rim of the glass, thinks it's smart to add insult to upset stomach (yours and mine) by making some wise-crack like, "Wattsa difference? My hands is cleaner'n yo' mouth."?

??????

WHY...something isn't done about providing a sidewalk along Owens Ave. west of Main St. for Westside kids attending Rancho High?

??????

WHY...Joe Whitaker Jr. shaved off his beard and started wearing a stylish kerchief on his head while brother Chuck began growing some sort of chin adornment (?!) but apparently has no intention of hiding his plummy pompadour?

??????

WHY...somebody doesn't do something about eliminating that REAL "eyesore" on the north-east corner of 'D' and Owens now that a somewhat similar, but certainly no worse, condition a few blocks west appears ready to be corrected?

??????

WHY...some dealers treat the guys who pay their wages (the customer's--who else?) like a bunch of poor relatives--or worse?

??????

WHY...a well-known TV personality (among other attainments) had to call Las Vegas from Washington, D.C., the other day to find out where he was staying in the nation's capital?

??????

WHY...a glamorous local matron suddenly decided to hire some domestic help? (Could it be she got wind of the fact we were about to accuse her of "unfair labor practices" for doing all her own house work, cooking, washing, ironing, gardening and even cleaning the swimming pool while holding down a regular job?)

??????

WHY...the sequences of 1-4-5-8-9-10-12-20 and 1-2-10-11-12-20-21-30 are supposed to be lucky for people born in April, June and December?

??????

WHY...there isn't a law against penny-stealing weighing machines that always give your poundage as "16" or "298"?
