

We've Been WONDERING

WHY the bus that is supposed to make the "short run" through the Westside out of 4th and Fremont at 1 a.m. on Sunday morning hasn't showed up along 'H' St. for the past three weeks after the new management of the transit company assured Westside patrons that schedules would be rigidly maintained?
? ? ? ? ?

WHY a Golden West Shopping Center eatery has been on a hit-and-miss schedule (mostly miss) ever since Bobby Johnson opened his popular "Hasty-Tasty" lunch counter in the Val-U-Mart complex?
? ? ? ? ?

WHY former fight manager Red Williams, now a mixologist at Sugar Hill, glances apprehensively in the mirror every time his cute mama, Rosa, is mistaken for his sister? (Red is in for a real jolt one of these days when someone asks, "And how's your DAUGHTER?")
? ? ? ? ?

WHY Jimmy (Fat Daddy) Snowden is all smiles and "eager to please" these days? (Could this mean Jimmy's pending business venture is about to jell?)
? ? ? ? ?

WHY some characters boastfully air the sordid details of their intimate "affairs" after over-indulging in their favorite libation and later claim they "can't remember" having ever said such things?
? ? ? ? ?

WHY the sequences of 42-44-46-54-56-65-71-75 and 4-6-11-22-23-32-39-46 are supposed to be lucky for people born in January, February, August and November?
? ? ? ? ?

WHY that attractive young matron had to send her 5-year-old son out of the house with an "SOS" to a friend, who arrived just in time to keep the neckbones and black-eyed peas from burning to a crisp? (Could it be that a naughty little girl locked her mommy in the bathroom?)
? ? ? ? ?

WHY the new show that took over following the sudden departure of the Cotton Club Revue is reportedly playing to packed houses composed of "Mr. and Mrs. Wood?" (Tables and chairs, that is.)
? ? ? ? ?

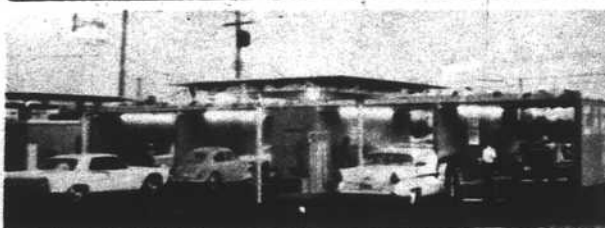

WHY drag-racing and zig-zagging through residential areas is so popular with certain gashappy morons, who probably were racing goats through a crowded cotton patch before they came to Vegas?
? ? ? ? ?

WHY a perpetual smile and "life can be SO beautiful" look seems indelibly implanted on the pretty puss of waitress Joyce McDaniels lately? (Is it because she is blissfully contemplating an important merger next month?)
? ? ? ? ?

WHY Gene (El Rio Club) Jew shakes and trembles, but bravely refuses to complain, when his customers show up with copies of the VOICE turned open to this column and begin muttering certain numbers under their breath?
? ? ? ? ?

WHY 19-year-old John Arthur Nelson is grasping his little, black book so tightly? (Won't do you a bit of good in Da Nang, John Arthur!)
? ? ? ? ?

WHY a certain junior-grade politico took credit for placing a lovely newcomer to these

parts in a well-paying position when he was never contacted by, or asked to intercede for, the young lady in question? (This gal's qualifications, which include a mas-

ter's degree, happened to speak for themselves.)
