

# We've Been WONDERING

WHY there isn't a special medal that could be awarded to those poor souls who smile bravely and do their Christian best when out-of-town "friends" unexpectedly invade their homes--often with a flock of unruly kids--and proceed to wreck orderly family routines and budgets?  
? ? ? ? ?

WHY people like those mentioned above don't realize it is the height of poor manners to "drop in" on unsuspecting friends without letting them know well in advance that they are coming?  
? ? ? ? ?

WHY Judy's owners keep trying to impress the pup that she's a dog? (When Judy finally awakens to the fact that she REALLY is a dog, the results may be disastrous!)  
? ? ? ? ?

WHY the sequences of 2-10-15-22-25-27-33-49 and 46-47-49-51-53-64-74-75 are supposed to be lucky for persons born in January, August and November?  
? ? ? ? ?

WHY Lover Boy Lee painted his room purple? (Is this because he suffered serious casualties at the hands of Lady 'L', whose room is painted green, the same color as her eyes when she happens to glance in the wrong direction?)  
? ? ? ? ?

WHY those mentally-retarded cubes take such delight in smashing bottles on our roadways and some of their joy-riding counterparts--who cuss the glass sowers--think nothing of tossing their empty beer cans on the nearest lawn?  
? ? ? ? ?

WHY Jeannie gal suddenly switched from those tight-fitting clothes to garments that are "as loose as a goose?"  
? ? ? ? ?

WHY that veddy exclusive area on our side of town where the most expensive homes may be found is pock-marked by streets that stage managers would be ashamed to use in "Tobacco Road?"  
? ? ? ? ?

WHY that certain Miss Hoity-Toity from the midwest who has been favoring us with her exalted presence seems to feel that anyone who doesn't own a master's degree or doctorate should bow three times from the waist everytime she appears on the scene?  
? ? ? ? ?

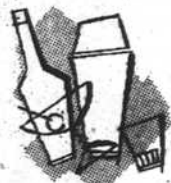

WHY many parents seem unaware--or choose to ignore the fact--that their kids are prepping for reform school by boldly putting "the arm" on passersby? (The next step for these precocious panhandlers is usually petty thievery--then the long ride to Elko while mama and papa run around wringing their hands and berating the authorities for "persecuting" little Junior.)
