

We've Been WONDERING

WHY Reuben doesn't do something about the bright shine on his bald noggin, since it doesn't blend with the subdued lighting in his Bistro.

? ? ? ? ?

WHY don't Frank and Josephine Denton (Denton Drugs) hep those headed for splitsville on how it is done. They have two offsprings and after twenty-five years of marriage they are thinking of getting married again, to each other, that is. (How sweet it is.)

? ? ? ? ?

WHY some of our would-be glamour gals won't take a few tips from pretty matron Alyce Keyes on how to win friends and keep them. (Like now.)

? ? ? ? ?

WHY some owners of going businesses allow a few of their so-called friends to abuse their hired help. These same friends enhance the businesses in no respect, financial or otherwise.

? ? ? ? ?

WHY the followers of Mr. Brain-Big, the great legal talented goniff don't get hep to the facts. Mr. Great-I-am (if you don't believe it just ask him) is only interested in his greedy quest for power, and will use anyone to help him in this endeavor.

? ? ? ? ?

WHY Eugene (Curly locks) Brooke Jr. doesn't let that love-sick filly know that he has been spoken for. (Must be wonderful to be rich, and handsome to BOOT.)

? ? ? ? ?

WHY the sequences of 1,2,5,8,21,22,32,33 and 42,43,45,51,60,62,64,68 are supposed to be lucky for persons born in August, January, February and November.

? ? ? ? ?

WHY Jimmy Tate didn't secure his teeth in place before he entered the apple dunking contest. After he lost them, the winner, John Booker only beat him by one apple. (With a full set of ivory's yet.)

? ? ? ? ?

WHY my boss J.P.W. won't let me write about that (good grief, look at all that beef) el-talko hen.

? ? ? ? ?

WHY that self-selected few that are masquerading under the national association banner for their own ends don't realize that the National Headquarters is not going to stand still for this Miss Murphy-type hype they are trying to put down.

? ? ? ? ?

WHY Ruggs-the-bugs is meeting with so little success trying to peddle his chitterling-flavored pizza recipe to the frozen food folks.

Just a brief note to express to you, and my other friends in West Las Vegas who are opposing the establishment of a separate Assembly district for West Las Vegas, my sincere wishes for your success.

The many arguments made against this--as I read them in the public press--are substantial and factual and I hope they prevail; however, doctor, in my opinion as a former member of the State Legislature, one of the very most important reasons West Las Vegas should not be established as a separate District is this: Just so long as the voters of West Las Vegas have the opportunity, as they do now, to vote for the Assembly representatives in ALL of Las Vegas District the West Las Vegas vote is important to these office-holders and office-seekers and, per se, the desires and needs of its residents will receive proper consideration. Set West Las Vegas up as a separate Assembly District and the residents there immediately lose the right to support or oppose the other candidates from the rest of Las Vegas. If this happens, the attitude of some of the present incumbents would change over-night.

I sincerely hope that the people of West Las Vegas will realize and learn that those who include this idea in the proposed legislation and the others who support it in Carson City--at least; several of them--would not have supported civil rights and human relations legislation if they did not have to be concerned about the West Las Vegas vote. Don't let them establish separate Districts unless the vote on all candidates from all Districts is AT LARGE. Kindest regards,

Sincerely,
W. B. Byrne

For the past year, I have been battling constantly to get delivery of completed homes built by Rohr Aircraft Corporation for Windsor Park, so that approved home owners could make plans to move into their new homes.

Although promise after promise was made for early delivery of homes, buyers had to wait for several months after they were approved by the FHA to move in. In addition to the aggravation of constantly having to make excuses for these unwarranted delays, I found, in many instances, that the homes scheduled for delivery by Rohr Aircraft were not up to the standards and specifications expected by Windsor Park developers.

The original plan for Windsor Park involved construction of approximately 500 homes by Rohr Aircraft Corporation. To add insult to injury, instead of stepping up their production of homes to comply with their contract agreement and correcting deficiencies repeatedly pointed out by Windsor Park personnel, Rohr Aircraft suddenly announced that they were going out of the home construction business prior to completion of the first Unit of only 73 homes.

Rather than compromise the high-standards set for better housing for my people, or see my dream shattered for a community of "lived-in homes" instead of a typical tract of vacant houses, I decided not to let the failure of Rohr Aircraft's performance defeat my plans for the Windsor Park project. Instead, the project will not only continue, but certain improvements will be added to future homes to give the buyers even more for their money.

I have negotiated arrangements for Windsor Park to build its own homes. Construction is now under way for a new unit of 71 homes under my personal supervision.

This will insure my people that they are going to get the type of home that I have been fighting to get for them for so long! One that is priced right to meet their pocketbooks and will not fall apart after the builder has taken the people's money and left town.

These new homes are going to be built strictly according to the plans and specifications approved by the Federal Housing Administration, and will not be turned over to the home owner until I am completely satisfied that they are really ready to be lived in.

I want the people to know that I will stand behind any promise that I have made in the past.

Sincerely,
Rev. P. S. Walker
