

Fishing

"The Crappie Catcher" INFORMATION

AFTER MORE THAN a year of suspension, the VOICE has recalled the "Crappie Catcher" to provide the readers with fishing news and tips.

The best season for crappie is approaching. There have been recent catches in the Overton to Echo Bay area that herald prediction of another banner year for crappie.

There have been good catches of these favorite pan fish all year long. This writer has had excellent luck on every trip out of Temple Bar. Our most consistent spot has been in Sun Fish Cove, which is the ole fishing hole to the right of the entrance of Iceberg Canyon.

The old timers will remember this cove as the one where "Ugly Ike's" boat caught fire several years ago. For the nimrods who are not familiar with this spot you can get your bearings on how to find "Ugly Ike's" cove by asking Red "Nasty Mouth" Marion, "Big Catfish" Boysie, or Daddy Luther. Willie Parker and "Long-winded" Sydney can also set your sails straight for Sun Fish Cove.

IF YOU ARE GOING for crappie, you should purchase five dozen small minnows for each person in your party. If you want to get the very best bait, and at the same time, a very generous count, stop at Anne's on the Boulder Highway. Anne still can't count too well and for fear of giving you a short count she throws in at least a dozen extras after counting out about 15 or 16 to each dozen. Anne is also a swell gal to do business with, and her bait is "lucky bait".

Please report your fishing luck to the VOICE so that all of us can know what is happening at the various fishing holes of our local waters. Call 642-5308. Let us know when and where you fished and what kind of luck you had. We will all have better luck if we know where they are biting. Don't forget to call in--you can make this a better column if you want to.
