

# LV Jehovah's Witnesses Return From Assembly

HAROLD E. GLOVER, presiding minister of the North Las Vegas, Nevada congregation, said this week that local delegates attending the recent 3-day Assembly of Jehovah's Witnesses held in the Blythe, California Fair Grounds numbered 250.

According to Mr. Glover, District Supervisor Theodore Jaracz's stirring public address "What Does the Resurrection of the Dead Mean To You and Yours?", on Sunday afternoon, climaxed the 3-day event.

Mr. Jaracz pointed out that "the fulfillment of the Bible prophecy shows momentous events are at hand. Revelation 11:15-18 shows us that God's Kingdom now rules; the nations are wrathful; men are ruining the earth; the end of the present system draws dangerously close at Armageddon; then follows a new order of righteousness and the time for the resurrection."

THE DISTRICT MINISTER said "The resurrection hope opens up the joyful prospects of being reunited with loved ones who have died

due to this generation's many wars, plagues, famines and earthquakes."

After citing many Bible examples of resurrections performed by Jesus and the apostles, he continued: "We have sound reasons for looking ahead to the prospects and blessings in store in God's new order when all those in the tombs will hear the voice of the "Son of Man" and come forth to eternal life on an earth restored to Edenic conditions by God's Kingdom".

Harold E. Glover said that 16 new ministers were baptized at the Assembly in symbol of their dedication to do God's will and will actively participate in the group's free Bible educational program in this locale.

**Attention!!!**

BALANCED POWER HOMES for efficient, economical living

### "Buy-a-Brick" Campaign Now in Full Swing

NOW THAT GROUNDS for a new community service center have been provided by the Clark County School District under a 30-year lease, and the BUY-A-BRICK campaign's door-to-door drive is under way, it is the responsibility of every resident of the community to make the drive the success expected of a total community participation project.

The development to be built between Harrison and Owens and 'A' and 'F' streets will house a Child Care Center with the newest designed recreational facilities and community services. The campaigning committee emphasizes the need for every individual to realize that one brick can and will make the difference in the social and educational environment of the community.

At Operation Independence the slogan is "Progress through Community Participation--Buy-A-Brick and Help-A-Child--That Child may be Your Own". Make that slogan your own and BUY-A-BRICK!
