## CHRISTMAS WAS FOR YOU KNOW WHO

### BEST OF LUCK

As we begin another year working toward realization of the same old goals; better housing, equal educational and employment opportunities, our hearts are lifted by the happiness of these, our children, and the faith in us their happiness denotes--These, our children, are our hope for the future, and the motivation for our determination that one day they will walk in the sun...

Cherished pictures shown here are of the numerous Christmas parties and programs planned for and participated in by our boys and girls who make the struggle all worth while. The VOICE would like you to meet them--Top photo is the Special Education class at Madison School in their Xmas presentation of "The Wondrous Word"... From left to right, the scene depicts Jimmy Littlefield as the Shepherd; Joe Ann Broughton as Mary; and Roy Bousley, James Jimerson and Eddie Atkinson as The Wise Men.

The Jo Mackey School's Sixth Grade is shown in center photo during Part II of their Christmas program essaying "Songs Reminiscent of Christmas": Deck the Halls, Drummer Boy, White Christmas and the Christmas Song--Part I presented a One Act Dramatization "Strangers from the East".

Photo below is the only photographic memory we could produce of the Christmas Party sponsored by the VOICE and Chuck's All-American Boys Club--The VOICE photographer was so carried away by the splendor of the event and the enthusiasm of the boys, he photographed the whole affair in color which means it will be at least a week before we can show those beautiful pictures--However, we proudly show the one we have even though it was taken after the boys had dispersed, happy and full... Shown are the adults who made the party such a successful one and little Frank Richard who arrived after the gang had "split"--From (l-r) they are: John West, The VOICE, Managing Editor, Ron Fletcher, Candy Barnes, John Harris, Nettie Cooley, Larry Fletcher, Sammy Davis, "Chuck" Harris, Yvonne Palmer and Garry Bates. For more on the kids Christmas Parties, please turn to page 16.

ON ST. NICHOLAS EVE, the children of Holland place their wooden shoes on a window ledge to await the coming of St. Nicholas. The shoes are filled with hay for his white horse. When the horse eats the hay, it is replaced by goodies for the children.
