Hidden History

The Unsung Saga of the Black Man

as told by
John P. & C. Buck West

In our last discussion, which concerned the people of Africa, we talked of the four main groups, or classes, of the Negroid Africans. This column will touch upon the two main non-Negroid Africans - HAMITES and SEMITES.

There is far too much controversy, as to the origin and differentiation of the two non-Negroid people of Africa for us to attempt any detailed discussion of the topic. We shall briefly relate our interpretation of consensus opinion of the subject.

There is little criteria to distinguish one from the other. They have common language roots, derived from the HEBREW, ARABIC, and AMHARIC (Ethiopian) tongues. It has been theorized that both groups entered Africa from Asia Minor, or the Near East, via the Isthmus of Suez which is a narrow land strip connecting the two continents. This writer differs with that theory and will elaborate upon it later in this article. The Hamites, descendants of Ham, chiefly inhabit the Mediterranean coast, North Africa, and the great desert regions. The Semites are composed of both Arabs and Jews, and are found chiefly in Egypt and in the Southeastern section, as far south as Zanzibar and Portuguese East Africa (Mozambique).

The Semites are fair with keen classical features, and with straight hair, ranging in color from light brown to black. The Hamites, though fair, are quite swarthy in color texture. Their features are also sharp, but their hair ranges from straight to curly, and is either black or dark brown.

The Semites were chiefly responsible for spreading the Islamic faith in Africa. They took their religion into Egypt and to East Africa. In North Africa, where they blended with the Hamites, they imposed their creed upon Ham's descendants who carried Mohammed's teachings into the great desert and all the way across the continent to West Africa where they spread it among the Sudanese Africans with whom they traded. The end result was that today more than 60% of the entire population of Africa adheres to Islam (Mohammedan). Together with their religion, the Arab traders imparted many of their social and cultural patterns to the black Africans.

The Semites descended from the mixture and blending of people of Asia, Asia Minor, and the Mediterranean Islands, comprising Hebrews, Arabs, Assyrians, Babylonians, Phoenicians, Persians and others.

It is our theory that only the Semites migrated across Suez into Africa, and that after thousands of years of miscegenation with the indigenous Africans, the Hamites came about. The typical Negroid features depicted in ancient Egyptian carvings, idols, and in the face of the Sphinx, lead this writer to theorize that the original Egyptians were Negroid, and that centuries of blending with the migrants from Asia produced a new racial entity. It is reasonable to assume that the Israelites who were held in bondage by the Egyptians (originally Negroid) were forced to miscegenate with their black masters, at the pleasure of the masters. Many generations later a new anthropological group descended - the Egyptians, who inherited predominantly the Semite characteristics.

In our own country we have many million citizens, only 10 to 15 generations removed from slave-master relationships, who cannot be distinguished from pure Caucasian. About ten years ago, the Department of Anthropology of Harvard University, after extensive research, revealed that one of every five white Americans had African ancestry. The Harvard report strengthens my theory of the non-Negroid Africans origin.

Africa is comprised of all races and mixtures of races. The people of Africa are no longer all Negroid,

(AN OPEN LETTER TO PHILLIP WADDELL, from page 1)

to remind you of one more "Jim Dandy to the rescue" that I played in your behalf. Can you recall the time you attempted to rape a married woman in the house I had provided for your shelter? If your memory is as warped there as it has been in your recent chronicling, maybe you can recall that I saved you from a first-class stomping by the wife's irate, professional athlete husband and his gargantuan goon who had you hemmed in for the slaughter. You can't say that you have forgotten the episode because it shook your chicken heart up so much that you had one of your epileptic seizures later that same night. You are pretending to have unflinching courage today, but you certainly had none that night when hubby spat in your face at least a dozen times.

The scandal rag that you are presently fronting for some gutless, sneaky backers could have only one purpose. You have been bought by 40 pieces of Judas silver to attempt to scuttle the political unity of the Westside block vote which sent Senator Cannon back to Washington, and which will also wash that bounding Basque down the political hopper in the gubernatorial race in November, in spite of all your Benedict Arnold tactics.

Your sorry excuse for a paper has never offered one single constructive, or educational feature. Your entire format has been one of destruction, and you are destined to suffer the same fate as Frankenstein who created a monster of destruction which destroyed the creator. You are a disgrace to the Negro cause, and you are beating your sick head against an immovable object when you attack the VOICE, and when you discredit the local Negroes who have put their blood, sweat, money, and enthusiasm into the cause.

Dedicated Negroes like Woodrow Wilson, Donald Clark, David Hoggard, Sarah Hughes, Gwen Weekes, Dr. J. B. McMillan, Clarence Ray, Rev. J. L. Simmons, Lubertha Johnson, Mabel Hoggard, and at least a dozen more, have been stabbed in the back by your innuendo that "all of the Negro leadership" was a "do nothing"

any more than the people of America are all white, or any more than the Afro-Americans are all black.

The anthropological characteristics of the two groups of so called NON-NEGROID AFRICANS took on additional Caucasian identity from intermarriage with the Europeans during the last few centuries.

group. Your treacherous, Judas mind could never allow you to evaluate the criminal injustice that you have perpetrated upon this striving Negro community. It is highly probable that you have fraudulently represented yourself as being something other than Negro. Perhaps I have used the term "fraudulently" too loosely, because actually you are not a Negro, you are a full-blooded, black-hearted, nigger with no compassion for the Negro cause.

I do not condemn you for biting the hand that fed you two years ago when you were destitute and even more emaciated than you are today. I am not calling you to task because you walked off the job I gave you, nor am I vindictive because you deserted the roof I had placed over your twisted head. I don't even feel anything about your total lack of appreciation for me saving you from doing a stretch in jail, and later a stretch in the meathouse when I persuaded that ball player not to use your hollow head for a baseball. I am declaring war on a Benedict Arnold who is attempting to divide this Community so that the "enemy" can conquer it.

Neither Phil Waddell nor his "black dispatch" will ever defeat the dedication to advancement of Nevada Negroes that so many of us have worked at so diligently, and for so long.

In closing, I wish to call you a poison-penned liar, and wish to once more, tell you that if you don't take our tip and go to hell, the VOICE will back up the message by sending you to your just rewards.

The VOICE is printed on asbestos, and is on the scene as a necessary force to aid this community in its push for full citizenship. Neither a chronic failure like yourself, nor any other persons or factors shall ever put the VOICE out of business. We are "fire-proof".

We feel sorry for you, in a slightly indifferent way, because it is only a matter of limited time before your poison-pen medium will go out of business, and you won't be able to defend yourself with your stereotyped lies and gossip-mongering. The VOICE is here to stay and we can utilize unlimited space, for an unlimited period in helping you go to hell. However, when your present angel walks off with the bankroll, we do wish you luck in your next failing venture.

Yours, with determination,
C.I.W.

P.S. If your sneaky backers, who hide behind your poison pen, think that they are investing in a project to get votes for Laxalt, you better take them to hell with you. As far as the Negro vote is concerned, Laxalt is stone cold dead in his political casket. It takes much more than two years for us to forget his support of Bilgewater and his indifferent attitude concerning our welfare. You can take him right to hell when you and your chicken sponsors make the trip.

When you leave town this time, don't forge any more checks like the ones you passed off on Kelly, the Town Tavern, and El Rio Clubs to raise enough "get-away" loot. I don't believe they will be as forgiving on the second attempt as they were the first time when I persuaded them not to prosecute. I doubt that I will be "Jim Dandy to the Rescue" the next time you cash some bogus checks.
