

We've Been WONDERING

WHY that veddy prominent couple exhibit such a show of affection while entertaining or being entertained. When, in reality, they hate each other with a passion.
? ? ? ? ?

WHY those certain lazy(have-a-ball)youngsters don't try to find some type of employment or get with one of the training programs. The load mothers bear supporting those lecherous apes shouldn't happen to a mule.
? ? ? ? ?

WHY the head operators of that big downtown department store located on lower glitter gulch don't get the message. The only reason they haven't been exposed is because said exposure has been restrained by a very soft-hearted humanitarian, whom we hold in too much respect not to abide by his wish.
? ? ? ? ?

WHY that certain intellectual, after going to such lengths to very patiently explain to us that the age of superstition has passed, was seen later on in the a.m. tossing salt over his left AND right shoulders.
? ? ? ? ?

WHY the sequences of 1-12-23-34-45-50-60-70 and 2-12-23-32-48-49-61-63 are supposed to be lucky for persons born in December, January and February.
? ? ? ? ?

WHY is it some persons go out of their way to make things hard for really nice persons who are trying to make it. Like some of those do-gooders feigning love, hope, and charity by taking children into their homes at the State's expense. From what we have seen, the kids would fare better on Bilbo's plantation.
? ? ? ? ?

WHY those stool-buzzards don't get the facts straight before they start their sing-a-long to the local gendarmes.
? ? ? ? ?

WHY the more parents than I'd like to count expect so much more from the offsprings of professionals than they do of their own kids. Kids are kids no matter what their background.
? ? ? ? ?

WHY doesn't that certain barber up on Jackson-way come on in and tell it like it twas--the mind made a date that the body couldn't take. (Which means that his hill-climbing days are just about OVER.)
? ? ? ? ?

WHY those persons that take it upon themselves to answer telephone calls without being asked (business or otherwise) are usually the same ones that help themselves to little things that won't be missed right away.
? ? ? ? ?

WHY that broad (trained seal variety, minus whiskers) takes advantage of her position to insult the good souls that make her better-than-average living possible.
? ? ? ? ?

WHY many young workers who just can't seem to hold a job don't realize that a good attitude more than any other single given qualification, more times than not, is the most valuable.
? ? ? ? ?

WHY or how one of the "real george" persons that we know managed to restrain himself from committing mayhem the other p.m. when his new car (two months old) was banged in the rear. The pea-brain that hit his car had this to say, (quote) de sign sed stop, not fo' ya'll to set der all day. (unquote)
? ? ? ? ?

WHY did our little 12 year doll, after telling us the reason she didn't like boys was because they were made of snails, nails and puppy dog tails, was seen letting one of the despicable monsters carry her books home from school.
