

ABOUT BOATS

Boats must be registered to comply with both Federal and State Laws. Anyone who operates a motorboat must display registration numbers (to comply with Coast Guard regulations) and immediately aft of these numbers, a current registration sticker must be displayed (to comply with State and local laws).

The County Assessor's office handles all registrations for motorboats. Persons applying for boat registration must have paid the annual Poll Tax fee of \$3, which is also payable at the Assessor's office in the County Building at Second and Carsop.

THE COAST GUARD NUMBERS ARE NOT changed from year to year. The original identification numbering system remains the same as long as the boat stays in the possession of its owner. The owner does not reapply for new numbers unless the boat is moved into another state and remains there for more than 90 days. In such cases, the owner must apply for registration in the other state. This is a federal requirement. Each state has letters which precede the boat registration numbers. These letters identify the home state of the boat. The letters NV identify Nevada, AZ identifies Arizona, and CF denotes California as the State of registration.

The identification numbers must be properly fixed on each side of the boat near its bow. The numbers must be at least 3 inches, measured from top to bottom, and must be in BOLD color contrast to the boat's color. The color of these letters and numbers is usually black since boats are almost never painted black. The Nevada Fish and Game Commission is the official state department charged with the responsibility of boat identification in Nevada. The Clark County Assessor is the official to whom the Fish and Game Commission delegates the authority of boat registration.

THE ASSESSOR is also charged with the responsibility of collecting Personal Property Taxes on boats. The decal sticker which is affixed to each side of the boat immediately aft of the numbers indicates that the boat is currently registered. The color of the sticker is a different color each year. The color makes identification a simple matter.

When the annual decal sticker is sold to the owner, the Assessor charges and collects the proper Personal Property Taxes which are based upon the value of the boat. The tax rate is limited by law to \$5 per hundred dollars of value. The value is determined by a Blue Book similar to the one used by Used Car Dealers.

Boat Trailers are not licensed by the Assessor. The Nevada Motor Vehicle Department licenses Boat Trailers. The licensing of Trailers is handled quite the same as automobile and truck licensing. However, when a boat trailer is licensed for the first time, the owner must present a certificate of weight along with proper ownership identification.

WHEN REGISTERING a new boat and trailer, the owner should request the dealer to furnish a certificate of weight for the trailer. A new trailer cannot be registered (Motor Vehicle Dep't. on East Sahara) without this certificate. Register your Boat at the County Building

IT HAPPENS EVERY SPRING

Well, it's that time of year again. Every year, Americans all over the nation forget their personal woes and the troubles of the world when the calendar (and the sports writers) remind them it's Baseball Season, and the chief topic of every conversation wherever more than one person is gathered anywhere is that of the Nation's pastime.

So, naturally CHUCK must add his baseball notes . . . Visibly shaken with emotion was 75-year-old CASEY STENGEL whose amazing and fun-filled (and giving) baseball career was dramatically climaxed recently when he was elected to the BASEBALL HALL OF FAME. . . The Game's base-stealing Champ, MAURY WILLS, just arrived from a banjo-strumming tour of Japan said that he hopes to work out his 1966 contract with the LOS ANGELES DODGERS. . . FRANK ROBINSON, surprisingly traded by the CINCINNATI REDS becomes the BALTIMORE ORIOLE'S highest paid player at a reputed \$62,500 a year salary.

Candy Clobbers Williams For Title Shot With Clark

CANDY BARNES had vowed that if he conquered K.O. WILLIAMS, he would bring the State Lightweight Title to the Westside after his Title fight with LARRY CLARK--a match that depended on the outcome of his bout with WILLIAMS. Well, Sweet old CANDY K.O'd K.O. in the fifth round at the Hacienda, Monday night--SO, CANDY, bring that Title over here. . . CANDY and CLARK have already engaged in two encounters with CLARK winning a split decision both times; there has been, however, a good deal of controversy raging as to who really won both those bouts.

in the Assessor's office.

Register your Boat Trailer at the Nevada Motor Vehicle Building on East Sahara.

YOU MUST register both boat and trailer each year. * * * * *

FISHING NEWS

Night fishing for crappie is excellent. Bass fishing is getting better each week, and will soon reach its peak.

Try the coves and reefs for bass. Try any of your favorite spots for crappie.

Reports from all areas of Lake Mead are either good, or excellent. Take your choice of your favorite area.

We have had excellent luck on crappie and fairly good luck on bass in the area of Sandy Point.

SPORTS

Chuck Harris

BASKETBALL

The Celtic's BILL RUSSELL is as impressive on TV as he is on the Basketball Court. . . The great Cage Star was cool and relaxed on TV's Today Show the other morn when he was interviewed to publicize his "just off the presses" book "Up To Glory" . . . AND he said that Celtic Team is not faltering--just sputtering. Another all-time Great of the Game, WILT CHAMBERLAIN is nearing his 7th scoring title.

CHUCK is really struggling to help the young men of tomorrow, and is sorry about that little mix-up with the licensing Bureau that is explained in this week's VOICE. We are truly grateful to BOB BAILEY of SUGAR HILL for ironing out the problem so that the Benefit to help CHUCK keep the GYM open can go on, Saturday. AND, of course that appreciation is extended to the VOICE newspaper for its assistance to BOB. CHUCK hopes to see you all at SUGAR HILL, Saturday afternoon.
